Rotary In the News

August is Rotary Membership and New Club Development Month

How do you Answer: What is Rotary?

"Rotary is the world's oldest and most important service organization. It provides clean water to those without it, feeds the hungry, battles crippling, debilitating and disfiguring diseases and helps people learn to read and write so they can compete in the modern workplace."

Did you know that District 5790 has a team of volunteers dedicated to helping clubs implement Rotary Technology?

Without a doubt, new technology can be frustrating. That is why District Governor Gerald Robinson and the Training/Technology Team Captain John Pokorny have put together a team of Rotary members from club throughout the district dedicated to helping your club implement Rotary Technology like Rotary Club Central in Rotary.org and ClubRunner in the District and Club websites. The team is made up of past presidents and club secretaries that have successfully applied some or all of these tools in their clubs. Club executives are encouraged to contact a team member to share their experience with these tools.

Team Members include:
