Looking for a good book?

Melissa Stoeger, the new Head of Adult Services for the Deerfield Public Library, is surely a familiar face to the many Rotary members that frequent the library. She has been assisting Deerfield patrons in many capacities for 12 years. Melissa received her undergraduate degree from Knox College, and followed with a Masters in Library Science from Dominican University. Melissa specializes in Readers Advisory (book recommendations) and Collection Development (library collection selection). Melissa is also a skilled book discussion leader, and leads groups in the library and out in the community. Melissa will share some recommendations of current hot titles, and will also be happy to provide recommendations upon request.

Alzheimer’s Walk

Alzheimer's impacts too many Rotarians and their families. There are currently nearly 6 million Americans living with the disease with nearly 16 million caregivers. As the number of older Americans grows rapidly, so too will the number of new and existing cases of Alzheimer's. Rotary Clubs will be participating in the Walk to End Alzheimer's, the world's largest Alzheimer's fundraiser, as a National Walk Team, led by the Alzheimer's Dementia Rotarian Action Group (ADRAG). Jeff Kaplan from the Alzheimer's Association Home Office and member of our Deerfield club has started a District 6440 team for the North Shore Walk, taking place in Glenview on Sat, 14 Sept. We would love to have representation from our club. Please consider [making a contribution](#), and if you can't make it that day, register as a virtual walker.

Coat Off Your Back

Coat Off-Your-Back Drive begins September 15. PADS will be the recipient. The Club will also give PADS a grant of an amount to-be-determined.
