

ImaBridge Africa: You can Be a Bridge

Who are we?

ImaBridge Africa is a faith-based charity established in 2008, and dedicated to building transformational relationships between people from dissimilar communities, the privileged and the underprivileged.

The name “ImaBridge” quite literally means “to build a bridge of love” and take that charter to heart.

Our mission is to aid the African rural poor in developing skills, knowledge, attitudes and experience for self-reliance and the capacity to work together to solve their problems.

Our vision is to help eradicate the extreme poverty, to promote gender equality, to reduce child and maternal mortality, and to ensure environmental sustainability.

ImaBridge Africa provides charitable services in the areas of health & wellness, education, clean water and micro finance.

You can Be a Bridge

How can you help?

ImaBridge Africa works solely with volunteers, and we are always looking for others to help us.

Investment

As a tax-deductible charity, we rely on time as well as financial donations and investments.

Involvement

Your expertise and/or professional skills can help our collective effort.

Intercession

We need your prayers so that all we do may be God's will, not just ours.

A Note from our Founder

Fr. Godwin (Nsikan-Ubom) Asuquo

I address you with profound gratitude. I am convinced that when we commit to building bridge(s) of love, knowing that "It is not the magnitude of our actions that matters, but the love that we put into them, and that our successes do not depend on doing great things, but in doing little things with great love- (Mother Teresa), nothing will surmount the indomitable resilience of our collective optimism and goodwill in ensuring that "there can never be room for poverty that denies anyone what is needed for a dignified life" (Benedict XVI).

Areas of Focus

EDUCATION

On our first trip to Nigeria in 2008, we distributed \$6000 in scholarship money. Since then thousands of dollars have been donated for educational purposes.

HEALTH

In 2014, ImaBridge Community Health Care Centre opened its doors and saw its first patients.

WATER

In Nigeria, the closest stream is often 3-4 miles away and even that is not safe for drinking. Our goal is to provide safe, healthy drinking water in areas where it is not accessible.

MICROFINANCE

ImaBridge Africa is committed to helping native Nigerians support themselves.
