Newsletter News

After nine years and eight club presidents, newsletter editor Richard Lee is calling it quits. Yes that's right. I will do my best to help Lisa keep our website current and our members well

informed about events and happenings. Members will need to go to the website www.waukeganrotary.org in order to see if you have hospitality and/or the program. This starts right away in the month of July. If you do have information you need pushed out to the club, I will continue to maintain an email list of all active members. That way I can remind

everyone about Feed the Hungry, Cleaning up the Bike Path, Mustang Raffle Tickets Sales, etc. Just let me know what the message is and I will forward it on to the group. Just remember, go to the website, and may the force be with us.

Mustang Raffle Ticket Sales Continue

Ticket sales continue as we approach the breakeven mark and can start making a profit! Our club's whole reason to exist is to be able to help out local area charities with money raised by various fundraising events. It's getting closer to our drawing date of September 20 which means that people will be more apt to pull out their wallet and part with an Andrew Jackson. So sign up for Scoop, Gurnee Days, Ace Hardware opportunities and anything else the Car Raffle Committee announces.
