

### Red Badge Checklist

The Rotary Club of Orlando welcomes you as our newest member. You have received a temporary red badge with your name and classification. This red badge identifies you as a new member so we can help you complete your orientation into the Rotary Club of Orlando.

Completing this checklist gives you a better understanding of our club and all that we can do together. These items are in no specific order and should be completed within 6 months of your induction. Your sponsor will be there to support you and will present you with your permanent blue badge when this list has been completed and signed by your sponsor.
