ence in Ketchikan... still time
to register!

This Week's Program:

Thomas Barrett, President, Alyeska Pipeline
"Increasing the Flow of Oil through TAP!"

Admiral Tom Barrett, USCG (ret.) became the President of Alyeska Pipeline Service Company on January 1, 2011. Prior to Alyeska, Admiral Barrett was the deputy federal coordinator for the Alaska Natural Gas Transportation Projects (OFC), managing the Alaska field office.

Before joining OFC, Barrett was Deputy Secretary of the United States Department of Transportation in Washington, D.C. He was confirmed August 8, 2007 and served until May 23, 2009 under both President Bush and President Obama. As the Department's chief operating officer he was responsible for day-to-day management of DOT's \$61.1 billion budget, 10 modal administrations, and approximately 60,000 employees.

Barrett previously served as the first Administrator of the U.S. Pipeline and Hazardous Materials Safety Administration (PHMSA), directing the agency's national safety programs for hazardous materials and liquid, natural gas, petroleum, and other hazardous liquid pipelines. Prior to that, he served 35 years in the United States Coast Guard and attained the position of Vice Commandant, the number two position in the Coast Guard. He commanded Coast Guard operations in Alaska and the North Pacific from 1999 to 2002, emphasizing safety and environmental protection. Other Alaska tours included Kodiak and Juneau, and he and his wife have lived in Alaska for 15 years.

Please review the list of designated greeters and dates. **If you can't greet on the day you have been scheduled, please try to get someone to fill in or switch dates with you.**

GREETER

MONTH	2013	NAME	NAME	NAME
MARCH				
	5	Bryan, Mark	Cox, Holly

	18	Propes, Barbara	Rehfeld, Bob	Mills, Andy
	25	Rogers, Jeff	Russell, Warren	

We sell roses but once a year
They bring smiles and lots of cheer
A dozen here, a dozen there
Soon Juneau has more roses than bear.

The good that comes from the dollars raised
Builds our community for days and days
Our lives are busy, and sometimes crazed
But people respond well to the simple phrase
"Have you bought your Ro-

The rose orders are pouring in... including online orders,— but we still need to sell at least 500 dozen more. Remember, if you didn't "opt out", you've committed to sell twelve dozen so we can make our budget for next year.

Thanks, in advance, for getting your orders in as soon as possible. Once we receive them, orders need to be recorded, sorted, and cards made — prior to delivery on the 11th.

Don't forget — no meeting on the 9th, but plan to arrive at Reliable Transfer starting at 8am for pick-ups and deliveries. Our usual UAS delivery team can't deliver this year and we're still in need for drivers for other routes. Please sign up to deliver, if possible!

Thanks, in advance, for selling and delivering and being a part of this annual fundraiser.
— PE Brenda, Rose Chair
(and poetress supreme)

PS: We still need a few good women to sell at AWE, Centennial Hall, April 6th.

RI News — Monthly message of the Foundation Trustee Chair

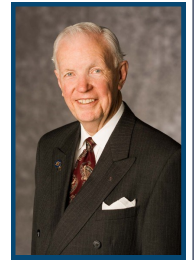

When I was RI president, I said Rotary is a love story in which people come together in fellowship, and which results in doing good in the world. During my years in Rotary, I have witnessed over and over again how communities and individuals benefit because of Rotary activities. These activities, to a great extent, result from exchanges about community needs identified during club meetings.

This month we celebrate National Volunteer Week, the International Day of Mine Awareness, World Health Day, and Earth Day, and each of these recognitions ties in with one of our six areas of focus. This tells me that every Rotary club member has a part to play as an effective volunteer in these important observances.

Furthermore, we owe it to our community and the world to tell our story, to make the world aware of our efforts. One way to achieve this is by supporting your Rotary regional magazine, **particularly in April, which is also Magazine Month.**

So how does all this relate to our Rotary Foundation? Well, very few initiatives don't require funding. Your Foundation is often able to help, whether it's with a district grant or a much larger global grant. Your contributions to the Foundation provide a potential source of funding that can help a club's members do good in the world.

My goal this year is to announce at the international convention in Lisbon, Portugal, that it is estimated that every Rotarian gave something in the 2012-13 year. *Can I count on you?*

Wilfrid J. Wilkinson

Club News Briefs

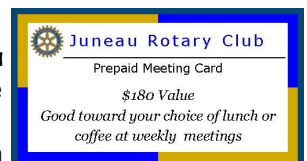

There's still time — to get your pledge in for either the Club Keglers or Show Me Your Flag (aka "Keishan & the YEO Keglers). According to Scott Fischer, who continues to coordinate this effort annually on behalf of the Club, he's grateful for all the pledges that have come in so far... but there's still time! Look for the pledge forms at Tuesday's meeting — just in time for Saturday's big event!

Strawberry Luncheon: Heather is again coordinating this awesome, annual event. She's still looking for models and helpers for Friday, April 26th. Get in touch with her: jnuhmm@gmail.com or call 790-3131.

Remember — it's always easier to buy lunch or coffee (or tea) with your handy-dandy punch card. It's a \$180 value — for a bit less... in other words, it's a free lunch or three cups of coffee with each card purchased. Get yours today! (And speaking of food, don't forget to sign up for the Glory Hole Brunch with Barbara Propes.)

Don't forget to mark your calendars now — **Empty Bowls**, Sunday, April 28th. Coordinator Wayne Stevens says there will again be two shifts during the 4-7PM event. Keep an eye out for the "e-vite" from him to volunteer. Between this event, the Strawberry Luncheon, the Food Drive and more — we continue to help bring attention to those less fortunate than ourselves in the Capital City.

Thank you, **Alaska Litho/Copy Works**, for printing *The Windjammer*.
