2015-2016 Rotary International Theme:

This Week's Program: Lance Walters from the Juneau Salvation Army, Update on activities in Juneau and Southeast.

Lance & Dana Walters have been married since 1986. They have two kids, Andrew 29 and Jadah 26 years old. They have lived in Arizona, Iowa, Texas, California, Colorado, and now Alaska. Lance had worked in the sign business for 29 years as a Journeyman Painter and Master craftsmen in graphics. Lance also worked as a EMT, volunteer firefighter and as a children's

pastor. Dana has worked in accounting for 30 plus years and was able to be a stay at home mom to raise our two kids for 16 years. The Walters have been with The Salvation Army since 2006 and has worked for the TSA since 2010. In 2013 they were appointed to the Juneau as the officers in charge. We both love being in Alaska and it's a dream come true. The wild life, the scenery, and the people of Southeast AK.

ROTARY NEWS: ILLITERACY TRAPS ADULTS, AND THEIR FAMILIES, IN POVERT

A student attends a literacy program at the Mercy Education Project in Detroit to build her reading skills. The agency offers free educational programs to improve the lives of low-income girls and women.

ROTARIAN MAG: PAY IT FORWARD

If Ravindran has any regrets about becoming Rotary president, they can be summed up in his ear-to-ear smile as he cradles his first grandchild, Raika, who was born in October. Living in Evanston, Ill., where Rotary headquarters is located, he'll miss the early moments of her life that he otherwise would have been involved in. (Ravindran and Vanathy live in the same home as Krishna; his wife, Neesha; and now Raika. Prashanthi and her husband, Nicolas Mathier, live in Singapore.) "Vanathy and I would have loved to have been in Sri Lanka for her first two years," he says. "But I guess there's lots more time to reconnect with her and spoil her."

As Rotary president, he'll help put his tiny island nation on the global map. "My national anthem will be played in every country that I visit. My flag will fly wherever I go. The flag of this country will fly outside Rotary headquarters," he says. "What more can I do for my country than this?"

Ravindran says he doesn't expect to leave a legacy as Rotary president, but he hopes to use his skills to leave the organization better than he found it – and pay forward his debts to all the people who got him where he is today. "Rotary molded me," he says. "Rotary changed me, and that is why what I do for Rotary now is a hundredth of what I've gotten out of Rotary."
