Polio Eradication

For more than 30 years, Rotary has been the driving force in the effort to eradicate polio worldwide. Alongside our partners in the [Global Polio Eradication Initiative](#), we have achieved a 99.9 percent reduction in polio cases. Our members have contributed \$1.9 billion and countless volunteer hours to protect more than 2.5 billion children in 122 countries from this paralyzing disease. Today, polio remains endemic in Afghanistan, Nigeria, and Pakistan. Rotary remains committed to ending polio, and will raise \$50 million per year, with every dollar to be matched with two additional dollars through a matching agreement with the [Bill & Melinda Gates Foundation](#). With the infrastructure we helped create to end polio, we have built a lasting global health legacy that is now used to reach millions of children to treat and prevent other diseases.
