## Malibu Rotary Club President-Elect Kevin Boling

### Announces Immediate Changes in

### The **New** Malibu Rotary Club

Get in or get out of the way. That big ball rolling towards you is Kevin and the New Malibu Rotary Club. Kevin set down the gauntlet and he means business! New game, new rules, new players. Kevin returned from PETS (President-Elect Training Seminar) with fire in his eyes.

After fighting a couple hours of traffic driving from his Newport Beach home Kevin arrived at the Malibu Rotary meeting April 6, at 8:30 a.m., the time the meeting usually ends. But nobody left. He blocked the door and everybody better listen.

Kevin said there is push in Rotary for small clubs to get to a minimum of 20 members or the clubs will be merged with other clubs. There will also be a merger of Rotary districts with districts that don't have enough members being combined with larger districts.

The Malibu Rotary Club is at critical stage. The club has had only 11 or 12 members for the last several years. It is the most westerly and most northerly of all the clubs in Los Angeles Rotary District 5280. It could be disbanded or merged with a club in another district, either in the San Fernando Valley or Ventura. Despite all the good work the Malibu Rotary Club does its numbers, its location, and the mood of Rotary International could spell its doom.

## **“Not on my watch”**

Fortunately the club has chosen a leader that is up for the challenge. Kevin Boling tells the Malibu Rotary Club members and guests (who are about to become members) “I don’t want to be known as The Last President of the Malibu Rotary Club.” Where other clubs may have goals of gaining a 10% or 15% increase in membership, that percentage would only increase Malibu Rotary by one member. “If the critical mass for club survival is 20 members, Malibu Rotary Club has to have 100% increase—we have to double our membership and we have to do it immediately.” Another way to look at it: Every current member of the Malibu Rotary Club is responsible for bringing in at least one new member in the coming year.

Kevin said that the club has about \$40,000 in a trust fund to be used for charity projects. We can make a big impact with that kind of money. Kevin said that nearby Rotary Clubs like Oxnard and others would love to absorb the Malibu Rotary Club, and get their hands on that \$40,000 endowment. Kevin says he is not going to let that happen. If the club were to cease to exist he said that would happen on his terms and the Malibu Rotary Club will decide what to spend that money on. Kevin said that if another club takes over Malibu Rotary they won’t get anything because he will make sure the Malibu Rotary Club will already have spent the assets.

But Kevin says he hopes it doesn’t come to that because he has a plan—a 2 year plan for membership growth. Many potential new members, and even longtime members, have had a problem paying the dues during these tough economic times. This has had an impact on getting new members and retaining the ones we have. The Malibu Rotary Club has one of the best meeting venues, one of the best and least expensive meals, and a wonderful legacy. Even though the Malibu Rotary Club has had one of the least expensive dues arrangements in all of Rotary--\$240 per quarter, Kevin proposed that we make it affordable enough so that anyone who wants to become a member and participate, will have that chance. Our previous dues structure included a partial payment towards meals whether people ate or not, and part of the money went into our charitable giving. Kevin proposed that the dues be made low enough to just cover the costs that the club has to incur as operating expenses for each member—such as the dues to Rotary District, Rotary International, etc. He determined that the dues should be just \$75.00 per quarter (\$25.00 per month), and that each member pay the \$10.00 for the meal that Pepperdine charges the club, at the time the meal ticket is purchased. If a member does not eat, there is no charge for the meal. Of course that does not leave anything for club giving, the local and international projects that the club participates in. Members can make pledges in any amount, beyond the dues for these service projects. He suggested billing statements prepared for each member include a pledge amount, which could be used for “fines” or just part of a donation for club and other Rotary Projects.

When there are enough members then Kevin says he can launch a second part of his plan—to have a signature Fund Raising Event. This will be something big (like the Kiwanis Chili Cookoff) but there has to be enough members to pull it off, and there has to be 100% participation.

Kevin said it was imperative that we get started immediately on his plans. We can't wait until he becomes president in July. To this end David Baird made a motion that was seconded and unanimously passed to change the dues to Malibu Rotary Club to \$25.00 per month + \$10.00 per meeting for meals paid at each meeting where food is eaten, and have pledge cards made for everyone for additional contributions. In addition there is to be flexibility for the current endowment fund and a membership committee was created to both check out prospective members suggested by everyone in the club as well as retention of members. Bill Wishard was made chair of membership committee. New members will also be invited to Fireside Chat meeting to explain membership. Bob Syvertsen, who already had prepared bill for the members based on the previous quarter's dues schedule instructed everyone that a new bills will be prepared this week based on the new lower dues schedule.

All those in the club who were having trouble making payments, and all those considering membership who were reluctant to join because of expenses, would be contacted.

## Other News and Guests from Last Malibu Rotary Club Meeting

**Kevin Boling** will again be presenting an Earth Day Program to Topanga Elementary School. ### **Rotary Japan and Pacific Islands 2011 Disaster Recovery Fund**

**Jim Dyer**, District 5280 Disaster Relief Chair, sent the following message about what Rotary is doing through the Rotary Foundation in Japan's current emergency situation and how you can help.

The 9.0-magnitude earthquake, Japan's largest in history, caused a devastating tsunami that swept over northern coastal towns. At least 10,000 people are assumed dead, but government officials say the death toll will rise. The emergency situation is still unfolding but what is clear is the immediate need for money to support relief efforts and shelter.

In response to this massive earthquake and tsunami, The Rotary Foundation has established the *Rotary Japan & Pacific Islands Disaster Recovery Fund*. Also, ShelterBox, a designated Global Rotary Club Project, had response team members on the ground within 24 hours after the earthquake, one of the first international aid agencies to arrive in Japan. The first deployment of

**ShelterBoxes, including the provision of emergency shelter, water purification and lifesaving supplies are on their way to Tokyo with more on stand by.**

**During this initial response period we are encouraging District 5280 Clubs, Rotarian's and friends to support one of the Rotary affiliated relief efforts or other recognized international relief organizations like the Red Cross.**
