Malibu Chronicle
Publisher Veera Mahajan talks about her recently published self help book *Learning to L.I.V.E. -- A Journey....*

Veera says “*Learning to L.I.V.E.* is a journey that I went through from a life in domestic violence to love and freedom.”

Veera Mahajan has been a frequent visitor the Malibu Rotary Club since she moved to Malibu 4 years ago. We knew she was the publisher of the

Malibu Chronicle a glossy publication she bought just after her arrival. We also knew her to be beautiful, (representing India in the Miss Asian American Beauty Contest in 2012). Today would learn a lot more about Veera, that her beauty is not just skin deep, that she has a passion for a behind doors problem that affects many lives.

Veera is originally from Jalandhar, Punjab, India. She moved to Michigan with her parents when she was very young. She received a degree in Computer Science, fell in love with a handsome young man who was also from India living in Michigan, and she married him, went into business with them and had two sons.

Veera describes her first 7 years of marriage very happy ones. But there were times when her husband would become “angry.” About 80% of the time things were good, but the other 20% of the time, when he was “angry”, life was not so good.

“On the surface my life and marriage looked like a model life. My family lived in a mansion that was a 27000 sq ft house. We were educated and very successful. We had two beautiful healthy sons. We were the honored guests at most parties and gatherings and threw grand parties ourselves. We all liked to dance so we always looked happy. But, not many knew what was happening when we were alone.

"People thought I lived like a queen but I use to feel and sometimes say, yes I do live like a queen when he lets me. I thought I was free but I did not know what real freedom was till I was here in Malibu. Three months after I was here, I realized one day that I had not cried for 3 months. That is when I knew I was free.

"Since I have been here, I am running a local multimedia magazine called *Malibu Chronicle*. My magazine focuses on All Good News. It gives me a voice and I share that voice with others. It helps anyone who has a good story to tell to use my magazine to have a voice too.”

Veera said a pivotal game changing moment came in her life when she viewed a video after becoming a local Domestic Abuse volunteer. The couple in the video had just returned from a party where they both were having a good time. When they got in the car to drive home the man slapped the woman, giving her a bloody lip.

Veera saw herself as the woman in the video. That day Veera realized she was living in Abuse. It wasn't physical as in the video. Her abuse was something she realized she experienced even before she met her husband. Women often marry the personality type of their father, and Veera's father was abusive to her mother and her.

She began to realize how controlling and abusive her husband was. She decided she was going to leave her husband to get away from his abuse. When told him that he threatened “If you leave, you will never see your children again.” So Veera stayed in her marriage another

14 years after realizing she was in an abusive relationship. She would wait until her youngest son was 18.

After 23 years of marriage she left, counting the days until her divorce was final. She left Michigan and found the freedom to do as she pleased in California. She was no longer under his control. She bought the *Malibu Chronicle*, entered a beauty contest and for fun and fitness, she loves to run, hike, work out, do yoga, dance and Bhangra. She also is going to Pepperdine University getting a Master in Dispute Resolution. All the while she knew she had a story to tell. She previewed it in her magazine, with the picture below.

"I have been working on my first book for last 4 years. It is a collage of stories from a lot of successful men and women who have lived and escaped lives of abuse and now enjoying life that they want."

The names in the book are fictitious. The stories are true.

"Leaning to L.I.V.E. is a journey that I went through from a life in domestic violence to love and freedom.

"**L.I.V.E.** stands for

Love your Self

Insist on freedom

Victory over victim syndrome and

Empowered being. '

She believes that if there is an awareness of abuse, there will be courage to end it. Domestic violence is a disease like cancer that has no boundaries or prejudice; it hits everyone and anyone across all cultures and races. She urges everyone to look at it as a collective problem that we have to fight it with one collective force. If we can empower women, they will in turn teach their children to be empowered and then we will be able to break the cycle of abuse that has been plaguing our homes and lives for generations.

Malibu Rotary Club President Margo Neal Out 6 Weeks; David Zielski named Malibu Rotary Club President Elect & Will Preside until Margo's Return

Malibu Rotary Club President Margo Neal fractured her pelvis on September 2 and will be immobilized for about 6 weeks.(until about Oct 14). **David Zielski** who had been President Elect Nominee, has been moved up a year and promoted to President Elect when Griselda Espinoza, who was President Elect, has taken on an additional daytime job in the realty business that precludes her from attending

daytime Malibu Rotary Club meetings. David presided over the September 10th meeting in Margo's absence, and will continue to do so until Margo's return.

Letters to the Editor-Additions and Corrections to Sept 10 *Malibu Rotary Club Surfwriter*

Editor's Note: Received the following e-mail regards last week's Malibu Rotary Club Surfwriter from speaker Alison Wishard Guerra:

Hello John,

Thanks for taking the time to write up this summary of my talk. I wanted to point out a couple of clarifications:

1. I was recently promoted to Associate professor at UC San Diego after 8 years as an Assistant Professor. This is a huge accomplishment in the academic world.

2. The research I presented is my current research at UCSD, not from my dissertation which was completed 9 years ago.

Thanks again for inviting me to come and speak! It was great to be back in Malibu!

Warmly,

Alison

Editor's Note #2: There were a lot of guests at the Malibu Rotary Club of September 10th, and although most of them were mentioned in that day's issue of the *Malibu Rotary Club Surfwriter* a very prominent one was Khoi Pham, Executive Director of Bella Communications (www.bellacommunities.org) affordable housing are aimed at serving two vulnerable populations , low income families residing in multi-family rental housing; and, adults with special needs co-sharing independent-living housing. Bill Wishard met Khoi in Indianapolis, and discovered he was on the last helicopter leaving Saigon when American pulled out of Viet Nam. At the September 10th Malibu Rotary Club Khoi said he was going to give a Happy Dollar to Malibu Rotary, but didn't have one while at the meeting. Bill sent an e-mail about a postal letter he received from Khoi, who is in California only part of the time, and will at some time speak at the Malibu Rotary Club. Bill wrote:

Khoi Pham sent me a very nice letter after the meeting (I'll bring copies tomorrow) with a first for our club - he gave a Happy Dollar he said he didn't have on him, and sent it with his letter!

Bill brought the letter and the check to the September 17th meeting.

Other News and Guests at the Last Malibu Rotary Club Meeting

Bill Wishard talked about several Rotary District events that are taking place in the near future:

1. A professional training session for new Rotarians that was taking place on Saturday Sept 20 at St Paul's Church Hall on Lincoln in Santa Monica and included a complimentary breakfast (sorry for such late notice to all of our new Rotarians).
2. October 7 Rotary District Breakfast at the City Club 55 South Flower, 51st Floor, Los Angeles, CA 90071 featuring Rotary Peace Fellow Alumnus Jeff Whitfield, whom the Rotarian magazine called "The Best Speaker in Rotary." With all the great speakers in Rotary this guy most really be somethin'. Rotary the regular price of \$35 will be reduced for Malibu Rotarians. The club will subsidize \$15.00 and just prepay \$20.00 to the Malibu Rotary Club to attend (members only—guest will still pay \$35.00 and yes, you may bring one if you pay up front).
3. UN Peace Day October 21

Guests

Guests at the September 17th Malibu Rotary club included **Jean-Jacques Retorne**, **Marie-Therese Retorne**, **Yvonne Gelbman** (who baked a delicious batch of chocolate chip cookies enjoyed by everyone at the meeting), and *Malibu Surfside News* Associate Editor **Chris Bashaw**.

Malibu Rotary Club Supports RainCatcher

Malibu Rotary—Home Club of RainCatcher Executive Director David Zielski

Every 21 seconds, a child dies from a water-related illness. Women and children spend 200 million hours a day collecting water.

There are over a billion people who do not have access to clean drinking water. RainCatcher is efficiently doing something to try to reduce that number. They get low cost, low maintenance and sustainable water systems to Uganda and Kenya so women and children have a safe and close water source.

Besides the obvious health benefits, providing a local and safe water source multiple other social, economical, and educational benefits also accrue. There can be an increased girls' school attendance, level of education and literacy rates, as they no longer need to miss school to secure water for their families and have adequate and separate sanitation facilities.

There can also be reduced physical injury from constant lifting and carrying heavy loads of water, reduced risk of rape, sexual assault, and increased safety as women and girls do not have to go to remote and dangerous places to defecate or to fetch water during the night.

The Malibu Rotary Club along with the Rotary Clubs of Beverly Hills, CA USA and the Rotary Club of Entebbe, Uganda has applied for a Rotary Foundation Grant to assist Raincatcher.

There are several videos available on You Tube that show the amazing things Raincatcher is doing bringing clean drinking water to places in Uganda and Kenya where there was previously

no

clean drinking water. David Zielski, Executive Director of Raincatcher, makes regular trips to Uganda and Kenya to do Raincatcher installations and maintenance. The latest video showing what David and the Raincatcher people are doing was shown at the Malibu Rotary Club meeting on August 20. A link to the video is now on the Maliburotary.org website. The direct link to the video is at:

<https://www.youtube.com/watch?v=59rzOcM-RL0&list=UUFetq8NgjHXhtkVf0idcQUg>

After viewing this RainCatcher video on YouTube look at some of the others. This is a project that all of the Rotary world should be participating in. Malibu Rotary Club is proud to take a lead in this endeavor.
