The Grey Guardians

no one is free while children are enslaved

PRESENTED BY...

The Grey Guardians
Organisation.

. Last time Simon Treselyan spoke to the Malibu Rotary Club on June 27 he told how special techniques he learned in British Special Forces helped his business and personal life. We learned about a larger than life individual who was the youngest black belt in the UK at age 16, the youngest Covert Ops Specialist at age 17, infiltrated the KGB when he went undercover at age 22, chased neo-Nazi's in Germany in his 20's, became a Covert Operations Commander at age 33, became a Special Forces Team Leader, a decorated war veteran, a master interrogator, and with all this experience in being a professional warrior became a mindset coach for U. S . Navy SEALs, a persuasion and influence trainer for the U.S. Army. But this real life Rambo didn't retire to Malibu to sit in a rocking chair and watch TV. He has written three exciting books, has become a key note speaker and while living in Australia started a special Special Ops charity with some of his Special Ops like minded buddies from around the world which rescues children from exploitation.

This organization is called The Grey Guardian. The Grey Guardian rescues kids from sexual exploitation using techniques for surveillance, undercover work, and being warriors fighting for right to help arrest traffickers, and secure the kids in safe homes,

At the September 5 meeting of the Malibu Rotary Club Simon showed via PowerPoint presentation and with a table full of surveillance and undercover weapons some of his current volunteer special forces work in Hard Rescue--Countering the Scourage of Sex Trafficking.

When he gave his presentation to Rotary Clubs in Australia Grey Guardian was given a donation of \$200,000, but this could only be use for the humanitarian work and not for the Special Ops the group does. Grey Guardian has now moved its base of operations from Australia to the United States and

Simon has been able to recruit Navy SEALs, Israeli Commandos, and other with Special Ops experience to help in the hard rescue efforts. The Grey Guardians is Registered charity specializing in the rescue and prevention of children being sold (trafficked) in the sex industry in South East Asia.

WARRIOR ON A MIS

Although this is a worldwide problem the situation in South East Asia is especially bad. Refugees from Thailand and Burma are not welcome in either country and mother's sell their

first born daughters, often not knowing what they will be used for, only what price they will bring. It is impossible to know the exact amount of human trafficking in the world. It might be 1.2 million victims per year.

Simon says, “Bad things happen when good people do nothing. If not me, who? If not now, when?”

What was among the most disturbing revelations about Simon’s presentation was the age of the victims. The image below shows a couple of the rescued victims. Note one of the girls is holding a stuffed animal.

After being under surveillance and after enough evidence is gathered trusted authorities are notified and the traffickers are arrested. Hard rescue special ops group is a 5 person team. They may have to act like a pedophile to gain the confidence of the traffickers. The money is marked. The arrested traffickers often immediately make bail and only stay in jail for a day. The sex trafficking routes are the same as drugs and weapons routes.

Simon says that governments are of very little help in the human trafficking. He knows of at least one case where the policeman owned the brothel. Not all the traffickers use the children for sex. Stronger ones might be earmarked to be slaves in sweat shops. Ones that are neither attractive or strong, that have some disfigurement, might be killed and the body parts sold.

District Humanitarian Trip to Lima Peru and Malibu Rotary sponsored Project

On July 25 Malibu Rotary Club President Bianca Torrence spoke in detail about the Rotary District 5280 Humanitarian Trip to Lima Peru April 3-8. Via e-mail prior to the August 8 meeting Bianca made a formal proposal to the Malibu Rotary Club Board of Directors: Her proposal was that the Malibu Rotary Club commit to be the Lead club for the grant #10 on the Peruvian Rotary Humanitarian District trip **BARRANCA-Smile Project**.

It takes \$5k to be the lead club on the Global Grant project. Bianca pointed out the Malibu Rotary Club already had committed \$2k for the project and she will work on getting the rest so the Malibu Rotary Club will be recognized as lead club in this project.

Except for Bianca the Malibu Rotary Board members were all present at the August 8 meeting, and the club board members approved the funding of the Peruvian **SMILE BARRANCA** project—the vote was unanimous except for one abstention, from budget director Bob Syvertsen who doesn't believe in spending money unless we are sure it is or will be in the account. Countering that was the faith all the members have in Bianca to get things done. The **SMILE BARRANCA** was the project that was in most need of funding of the eleven humanitarian projects of the Rotary District 5280 Humanitarian trip in Peru. We are sure Bianca will bring a big smile to the people of Barranca.

That project specifically is hosted by Rotary Club of Barranca, District 4465 Serving the marginal urban and rural sectors, and in educational institutions where there are deficiencies in oral health care in Supe Pueblo, Puerto Supe, Pativilca, Paramonga and Barranca. Needs Assessment Oral Health in Peru is a public health problem, so a comprehensive approach is necessary, applying effective measures to promote oral health and prevent the consequences of poor oral health. Poor population, as well as non-poor, presents needs for the treatment of oral diseases. One of the human groups sensitive to such public health problems are minors, including children between the ages of 3 and 6, where the habits of hygiene and oral care are generated and reinforced, which will be sustained during their future development. This need was assessed by visiting the schools and population evaluation by dentists in Barranca. Project Description • Preventive care and education to children who belong to the Non-school Initial Education Program. • Oral health care for beneficiaries of urban and rural sectors. • School and population training in Barranca Area of Focus: Disease Prevention and Treatment Goals The objective of this project is the promotion of oral health and oral hygiene in marginal urban and rural sectors without health coverage and children from Not Standardized Initial Education Programs.

Bianca said her family has had a charity project in Peru for years she has decided to have her family charity project to contribute an additional \$1000 to that project in behalf of the Malibu Rotary Club, doubling the Malibu Rotary Club contribution from \$1000 to \$2000.

October 10 2018 Dr. Patty Durath Cooper tells us HOW TO BE A SUCCESSFUL COMMUNICATOR FOR A SUCCESSFUL LIFE

Dr. Patty Durath Cooper lives in Italy and will be the featured speaker at the Malibu Rotary Club when she comes to Malibu on October 10 2018.

She sent us the following e-mail prior to her visit:

"I am a mind traveller and a doors opener. Follow me in my journey. Open those doors that you would have rather left closed. The specific form of communication you need is between yourselves and your real-selves. Once this channel is viable, you will become the most successful communicator.

Based on my true story, on my own true experience as a scientist, as a journalist, as a mother of three, as a lover, as a wife, as a FIGHTER.

You will learn:

- 1) to open a specific communication channel with your real-self, to better reconnect with family and friends.
- 2) to impact people with the clarity of your reasoning.
- 3) to master your sorrow and loneliness and turn it all into a productive lifestyle.

I look forward to spend some quality time with you all! A warm embrace from Italy,
Yours

Patty”

November 14, 2018 Scott Houston West Basin Municipal Water District

The Malibu SMART Program for Water Conservation

West Basin Municipal Water District Board Member Scott Houston. will talk about the Malibu SMART program for water conservation at the Malibu Rotary Club meeting November 14.

With increasing temperatures, persistent drought conditions and a prolonged fire season, it continues to be important to save water. To address these important environmental issues, the City of Malibu, Los Angeles County Waterworks, and West Basin Municipal Water District are launching a comprehensive water conservation program. The Malibu Smart and Topanga Smart water savings programs will help both residential customers and businesses reduce water use.

The program aims to save 28 million gallons of water annually in Malibu and Topanga Canyon through the installation of water-saving measures. This will be achieved through a guided water-efficiency concierge program that helps customers get rebates for installing the latest watering technologies.
