## Dear Jorge and Friends at Glendale Sunrise Rotary:

Thank you so much for your support of our mission at the **Estado 29 Orphanage**. On behalf of the children, I would like to thank you for your **donation of \$1,010.00 to Friends of the Orphanages** (Tax ID 33-054-5962) during our Christmas in July Fund Drive and for the love and concern that you have shown regarding the welfare of "our kids." The only gift that we can offer you is the knowledge that your help allows us to improve the living conditions of these needy children as well as to bring peace, friendship and security to their young lives.

As a country, are currently going through a very difficult financial situation, yet you have chosen to offer your hand and help us to lift the spirits of these needy children. Thank you so much! Your kind donation was used to alleviate the difficult water and electricity situations at the orphanage as well as to allow us to provide food, cleaning supplies, medicine and meet some of their education and maintenance needs.

These last five years have been very difficult times to gather financial aid for many worthwhile causes. However, with His help we will continue doing everything we humanly can knowing that He will open doors according to His Will.

*"It is possible to give without loving, but it is impossible to love without giving"*

Please keep "our kids" in your prayers and again, many thanks for your faith in this missionary work and for allowing us to make a difference in their lives.

Sincerely,
