NEW MEMBER

CONNIE BLACK

In 1982 Connie and partners purchased a second home in Mammoth which they enjoyed for many years until Ron retired as a Captain with the Los Angeles County's Sheriff's Department in 1996. They sold the Mammoth home and moved to June Lake where they built a wonderful Ranch to accommodate their five adult children and fifteen grandchildren. They built the Double Eagle Resort & Spa in June Lake which opened in late 1999 (they laughingly referred to it as their retirement project). Both Connie and Ron have been active community members serving on various boards and committees. Ron passed on in October 2009.

Connie has a Bachelor of Science degree in Nursing with a PHNC. She has taught in the RN Program and holds teaching credentials in three states. She currently owns and operates two Healthcare hospitals in Orange Country. She has authored a number of Nursing Textbooks and has been a featured speaker for the American Healthcare Association and the National Hospital Organization. Connie was previously a partner and CEO of the nation's second largest Hospice Home Health Agency; she sold that business in 1995. This past December she was honored by the National Association of Women Business Professional at a special presentation in Orange County.

In December 2007 Connie, her son Ralph Lockhart and other partners purchased the Snowcreek Athletic Club in an effort to rescue this important community gathering place from imminent demolition and to develop a successful business there. They have continued to rebuild, remodel and fine tune the operations there since. She says there is still a long road ahead and retirement remains off the radar in the immediate future. She and Ralph have become actively involved in the Mammoth Community and look forward to seeing the Recreation and Tourism elements of Mammoth continue to grown to meet the needs of our unique area. They love the Eastern Sierra's and it's natural beauty and value the unique friendships they have found here.
