# ROTARY SCOOP

**President Heidi**

## **BOARD MEETING**

**5:30**

**ML LIBRARY**

**All are welcome!**

**Some exciting  
activities coming  
up and we need  
your input.**

**Hope to see you  
there.**

## **PROGRAM Jan 27th**

**Dr. John House**

**House Ear Institute**

According to Dr. House, hearing loss affects more people than any other disease. He gave an informative talk about hearing loss. Age and environment are the two main factors. By age 60 you may experience 1/2 hearing loss and by 80, 2/3rds hearing loss. The consonants are the first we tend to loose. I remember when Byng's dad replied to our question. Were you good at math? He replied: "I don't need a bath".

Dr House also discussed Tinitis which is a symptom and not a disease. The cause is generated in the brain.

The House Intitute is located in Los Angeles and has a \$20 million budget. Most conditions are correctable and they provide a broad service with 10 physicians, 2 neurosurgeons and 8 otologists.

# FUNDRAISING TIME

The WinterFest committee has worked hard to start up a signature event which is all about what Mammoth has to offer. Join us...tell your friends...reserve a table for the dinner/auction, ski/board the poker run, join our scavenger hunt, snowshoe then kick back and watch the SuperBowl at Snowcreek Athletic Club in the Bistro...we are looking forward to a fun and exciting event.
