ROTARY SCOOP

PROGRAM

May 31st

JO BACON TOWN FINANCES

**President
Linda Wright**

Effective July 1st we will officially be part of District 5190. Rotary District 5190 encompasses the California Mother Lode, Northeastern California and the vast area of Northern Nevada. The District size is roughly 80,000 square miles and includes a wide diversity of terrain and climates. Physically the largest Rotary District in the Continental U.S., the 54 vibrant Rotary clubs located in this very diverse district covering parts of northeastern California and more than 75% of the entire state of Nevada are each individually unique in their mission of service to their communities. The district represents more than 2,400 dedicated and compassionate Rotarians who everyday practice Rotary's motto of Service Above Self.

Jo Bacon is about to be sworn in to her second term on the Mammoth Lakes Town Council and is the current Mayor. She graciously and courageously presented a program on the financial challenges facing our embattled Town during these stressful recessionary and litigious times. After an informative program, she tried to answer some very pointed questions, and left the club with a good overview of the financial problems facing our community over the next few months. With a deep breath or two, and an eye to a glass half full, we can anticipate a different world as we "rise from the ashes". Good luck to Jo and the rest of our "team" at the Town offices.....may they save us from impending disaster.
