ROTARY SCOOP

Program - 27th John Wentworth Mammoth Lakes Trail System

**President
Linda Wright**

On 19 November, Rotarian cyclists will hit the pavement along with 9,000 riders from around the world in El Tour de Tucson, a charity bike ride sponsored by University Medical Center in Tucson, Arizona, USA. The Rotarians are raising money for Rotary's US\$200 Million Challenge. Last year, cyclists from 16 clubs in Arizona, Mexico, and California brought in \$35,000. Great Job !!

John Wentworth gave the Club a current update of activities involving his organization, Mammoth Lakes Trails and Public Access. The Town's Master Plan for Trails was passed unanimously by the Town Council on Wednesday, and will now be a blueprint for all trails developments in the Mammoth Lakes area. Much effort and time has been expended on completing this work, and results are beginning to show now with new trails and signing being constructed. We can be proud of the "world class" recreational resource that MLTPA has been a catalyst in producing. Now we can look forward to expansion into Mono County, while fulfilling the plans for the Town. Our Rotary hats off to a great guy and a very worthy project indeed. For further information, or ideas on how you can help, call John at 760-934-3154.
