ROTARY SCOOP

Program - Sept 15th **Shawn Tolleson, film maker** **SATURN RETURNS**

President
Linda Wright

As we begin the tasks we have set for ourselves, I remind you all that part of our goal is also to leave Rotary better at the end of the year than it was at the beginning, which means bringing in new members and working to keep the ones we have.

Shawn gave an excellent program about the film, SATURN RETURNS. She reviewed the business plan and how the film industry works. Mammoth would benefit by all the exposure of using our area in the film.

In the film, the town of Mammoth Lakes and surrounding Mono County serve as more than just a beautiful location. They become characters in the movie.

It is a coming-of-age story that everyone can relate to, as turning thirty delineates the end of one's youth and the true beginning of adulthood. In the context of this turning point, the film explores the themes of true love, friendship, and the consequences of our choices.
