Today's Program

Club Assembly

The meeting this week is a "Club Assembly" and no speaker is scheduled. For the information of new members, our club holds three or four club assemblies each year designed to provide information and facilitate communication. The club assembly is not necessarily a business meeting since the Board of Directors is the governing body of the club and conducts the business of the club at monthly meetings which are open to the membership. There are some exceptions such as election of officers and amendments to the by-laws which are voted on by the full membership at regular meetings.

The club assembly agenda is determined by the Club President and typically includes announcements and updates from key committees, project chairs and officers. You will find the information interesting and informative. It is a great way to learn about the tremendous impact our club has on the community.
