February 1 - 23, 2020

Welcome to the Deep Dark Forest, a mysterious place where fairy godfathers await to grant your every wish—"happily ever after" guaranteed. Or is it? *Bliss* is an electrifying new musical that tears up the rules on happy endings.

In this addictive fractured fairytale created at The 5th, four wildly distinctive royal sisters sneak out of their castle and discover an intoxicating world of fancy balls and dreamy princes—and a burning desire to be at the center of it all.

In a world that demands they fit in, it will take a sister's love to remind them to stand out. Together they discover that chasing their bliss means leaving expectation behind.

Take an adventure unlike any other!

AUTHORS' NOTE:

"*Bliss* is a fairy tale about fairy tales-- in particular, the strange things that young princes and princesses do in the hope of finding their "happily ever after." The musical has an absurd, subversive tone, and the characters both play into and against classic fairy tale archetypes. The production must suspend reality and unapologetically embrace the whimsical, illogical logic of the world."

--Emma Lively and Tyler Beattie

****Bliss is starring Mario Cantone, from *Sex and the City*!**
