## Reading Initiative

### 3 WAYS TO SUPPORT

## EXPAND

**Representation matters.** Get books written by and about people of color into the hands of students. Uplift and inspire our students by donating to a school library and make sure culturally responsive books are available for our eager K-3 readers.

## MENTOR

**Everyone needs someone in their corner.** Consider becoming a positive presence in a young person's life. You will benefit too!

## PROVIDE

**Did you know that reading 6 books can prevent summer learning loss?** Help us get high interest, engaging books into the hands of our K-2 students. With your support, participating students will take home a set of books to read over the summer.
