President Christy with our newest member Kim Mygatt and Jim Green on the left and Geoff Fulks on the right. Mike and Geoff are from the Water Company and came to speak to us about the clean-up of the chemical 1,2,3-TCP in our water. TCP is a chlorinated hydrocarbon that was used in pesticide products and has been known to cause cancer. Granular activated carbon (GAC) is the only viable treatment option for TCP removal. They get GAC from Coconut Shells and 1 gram of activated carbon can have a surface area of 1500m². It binds molecules through Van der Waals force and it can be regenerated. The clean-up is going well and Progress to Date include 16 completed well sites, 6 sites under construction, 22 concrete pads completed and 68 GAC vessels installed.

Other Happenings

Treasurer Bob just days before his retirement, and President Elect, Amanda Frank with past member Day Smith.

Member's Spotlight – Wayne Kress

I love being a part of Rotary, we are like one global family.

When and why did you become a member of Rotary? WK: Joined in February, 1986, mostly because I was invited, as I didn't have a full appreciation for Rotary before joining. That came later, when I learned about Rotary in general and all our Club does in particular.

What is your classification with our club? WK: Real Estate—Industrial.

Family information. WK: Born in Pittsburgh, PA (go Steelers!), raised and educated in Bakersfield. 3 siblings, one wife (Leslie), no kids, lots of dogs, cats, and a bird.

Hobby/What you do for fun? WK: I mainline work. I enjoy pleasure-reading, working out, cycling, hiking, traveling, meeting new people.

Anything that you would like to share. WK: Over the 32 years I've been a member of BERC, I've seen it up, and I've seen it down. I'm very pleased with our current direction, and I love Christy's inventiveness and enthusiasm.
