

WESTWORD

And hear u thought we was done with the Westword? Opening Day of MLB, NCAA hoops, CSUB Hoops in the NIT Final Four, NBA playoffs... oh and a little thing called Cioppino. Regardless, It lives... for now. **Big Red** just turned the corner with Cioppino behind us, counting day the days to Demotion June 23rd.

Still hungover 2 weeks past Cioppino, Leave it to **Jumpin John Fallgatter** and his shenanigans to keep the energy goin. Fresh off of collecting his \$350 Where in the Hell is the Bell in the Dale winnings, Jumpin John slyly whisked away and hid the unguarded Rotary Bell beneath an unsuspecting **President Red** and Red Badger **Marnie Kodel**. Don't know how Big Red got away without any penalty or ransom to get that bell back. Cmon West! We must be off our

game. Next time, song and dance to get that bell back!

Congrats to Red Badger **Scott Zieman** for sticking around long enough to gain his Blue badge... it's ok, we've all been duped as well.

Loren Stroope came back from a little trip to NOLA bearing a shirt beads, Mardi Gras mask, and liquor induced reduction in cognitive power for our president. Again, we are off West as another missed opportunity to liquor up our president. Don't get too comfy Big Red... Demotion Planning has begun already.

Our esteemed money handle, treasure **Tim Banks**, just made your lives easier... instead of paying your quarterly dues with rolls of pennies, now, I will have the ability to pay via credit card and get that 2% cash

back! Heck yeah, like finding an extra \$6.50 in your pants pocket. That's a free pint of something at Happy Hour. Score one for our treasurer!

Big ups to **Caryl & Carl Schweitzer** for keeping it real and celebrating 26 years of marital bliss.

Feliz Cumpleanos este mes por **Roberto Landis, Laura Barnes, Shana Petrini, Tomas Gelder, Tomas Crear, Rudy Carvajal, Barbara Natalia, Brent Hulstrom, and Me** (gifts can be dropped off at my office or home, size XL-Team UCLA or SF Giants).

Happy Club Anniversaries to **Kevin Silberberg (9), Tom Gordon (6), Michael Moore (10), Randy Lee (8), Kelly Newby (10), Tim Werdel (2), Barbara Natalia (3), Caryl Schweitzer (12), and Loren Stroope (36).**

Melinda Brown helped introduce our guest, **Brian Miller**, Supervisor of our Kern Regional Occupational Center Career Tech Education (try fitting that on a business Card).

The Mt. Vernon's campus goals is to prep students for careers post secondary education (post Bako College/CSUB/etc. They

want to develop students' hard (technical) skills as well as soft (communication/leadership) skills. The school provides special certifications and have partnerships with local industries, with goals of training for the current and relevant work force.

The ROC currently has 22 programs with plans to expand their campus with an additional 5 new programs by the end of 2017. The new programs are Culinary Arts, Cosmetology, Automotive Technology, Veterinary Technology, and Construction Trades.

Happy Easter Westies!!!
