May 20, 2023 • Adolfo Camarillo High School

Welcome to our Track Meet, the oldest community service project of the Camarillo Rotary Club. The Meet began in 1960, when local Rotarians created a first-ever organized track and field competition for local boys and girls at the elementary and middle school levels. There were only a few schools then, but the Meet has grown with the community, and today, hundreds of young people representing more than a dozen local schools will compete.

The Meet was named the Hap Rapp Memorial Track Meet

in 1988, in honor of late fellow Rotarian and friend Hap Rapp, who devoted so much of his time and talents to the event over many years.

Today, ribbons will be awarded for first- through fifth-place in each event, and high point winners in each class will receive a trophy. Another award, the Guy Craig Memorial, named after the Charter President of the Camarillo Rotary Club, will be presented to the school which demonstrates the best preparedness, sportsmanship, conduct at the meet and cooperation in all events.

CAMARILLO ROTARY

MAKING A DIFFERENCE

WHAT IS ROTARY?

Rotary is a global network of 1.2 million neighbors, friends, leaders, and problem-solvers who come together to make positive, lasting change in communities at home and abroad. Solving real problems takes real commitment and vision. For more than 110 years, Rotary members have used their passion, energy, and intelligence to take action on sustainable projects. From literacy and peace to water and health, we are always working to better our world, and we stay committed to the end.

OUR MOTTO: SERVICE ABOVE SELF

Our guiding principles have been the foundation of our values: service, fellowship, diversity, integrity, and leadership. Rotary members believe that we have a shared responsibility to take action on our world's most persistent issues. Our 35,000+ clubs work together to: promote peace, fight disease, provide clean water, sanitation, and hygiene, save mothers and children, support education, and grow local economies.

We work differently. We see differently: Our multidisciplinary perspective helps us see challenges in unique ways. We think differently: We apply leadership and expertise to social issues — and find unique solutions. We act responsibly: Our passion and perseverance create lasting change. We make a difference at home and around the world.
