

WHAT IS ROTARY?

Rotary is more than a service organization that's making a difference in your community. We're an international membership organization made up of people who share a passion for and commitment to enhancing communities and improving lives across the world.

With more than 1.2 million members in clubs in almost every country, Rotary brings together people like you—from all walks of life—who want to use their expertise for good—and form lifelong friendships in the process.

As a member of Rotary, you'll have opportunities to change lives locally and to connect with other clubs to work on international projects that address today's most pressing humanitarian challenges, including fighting disease, providing clean water, supporting education, and promoting peace. Our largest and proudest effort to date is our work to eradicate polio. We initiated the polio eradication campaign in 1979, and with the help of our partners, we have since reduced polio cases worldwide by 99.9 percent.

THE CAMARILLO ROTARY CLUB

The impact our members make takes shape at Camarillo Rotary club meetings and activities, where you can join other passionate, visionary women and men regularly to discuss and act upon community needs. Camarillo Rotary meetings are also a place to strengthen connections to friends and neighbors and form meaningful relationships that last a lifetime. And just as Rotary helps you invest in your community, it also gives you an opportunity to invest in yourself through continuous learning opportunities, including conferences, guest speakers and more — all aimed at helping you grow personally and professionally.

WE SEE DIFFERENTLY:

We are problem solvers working together to achieve a better world. Our members are deeply ingrained in the community, affording them insight into local challenges and access to the leaders, resources, and networking opportunities needed to make lasting change.

WE THINK DIFFERENTLY:

We reflect the diversity of our community and the breadth of viewpoints that comes from our members' varied professional and personal experiences. Since we began in 1955, we have been applying different perspectives to create innovative, sustainable solutions that address the needs and challenges affecting our communities.

WE LEAD DIFFERENTLY:

We hold ourselves to the highest ethical standards. Community members, community leaders, and other organizations seek us out because they know they can trust us to be effective partners and deliver on our promises.

OUR ACTIONS MAKE A DIFFERENCE:

Harnessing our unique perspectives and ideas gives us a shared purpose — one that compels us to take action. We roll up our sleeves, leverage our personal relationships with local partners and businesses, and apply our leadership skills as a way to get the job done and bring to life the changes we envision.
