ShelterBox is a global organization made up largely of volunteers from all over the world. Right now, around 85 million people around the world have been displaced by natural disaster and conflict. Natural disasters and conflicts never take days off, and neither do we. Volunteers are always on the ground, working to help the most vulnerable, no matter how remote. We’re hammering pegs, tying knots and building shelter right now. By providing emergency shelter and tools for displaced families, we’re transforming despair into hope.

When people are plunged into crisis, normality is suspended. But good, quality shelter can cut through the chaos. This is why we provide the tools that enable people to rebuild homes and transform their lives. ShelterBox was started as a small organization Rotary project in the UK and has grown to make a big impact across the world.

The Rotary Club of Goleta was excited to donate $1,000 to help support the great work that ShelterBox does.

THE OBJECT OF ROTARY

1. The development of acquaintance as an opportunity for service.
2. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying by each Rotarian of his occupation as an opportunity to serve society.
3. The application of the ideal of service by every Rotarian to his personal, business and community life.
4. The advancement of International understanding, goodwill, and peace through a world fellowship of business and professional men and woman united in the ideal of service.

THE ROTARY FOUR-WAY TEST

Is it the Truth?

Is it Fair to all concerned?

Will it build Goodwill and better Friendships?

Will it be Beneficial to all concerned?
