

Run for Polio/10K and Walk for Water/7 Miles

Proceeds will be donated to the Rotary International Polio Foundation and the Walk for Water proceeds will help construct a water system.

Running Entry Fee: \$35.00

Walking Entry Fee: Visit our online registration for PLEDGE information.

The Run and Walk starts and finishes at St. Jude Catholic Church located at: 86 Nellie Dent Drive, Wofford Heights, CA

The course winds through the valley floor to beautiful Riverside Park in Kernville and back.

The purpose for these Rotary sponsored events is two fold.

The Run will raise money for the eradication of Polio. These proceeds for this event will be donated to the Rotary International Polio foundation. The last place to eradicate the disease is in Nigeria.

The walk will raise money to construct safe and clean water system in Ikpem, Nigeria. Most must travel over 7 miles a day to access water. Contaminated water cans transmit diseases. Clean water is an essential part in fighting the spread of disease.

Date: May 18, 2013

Registration Time: 7:30 AM

Finish Time: 12:00 PM

These two events will raise awareness and highlight what many people in the world are faced with when they do not have access to clean water.

Come run or walk and show your support in making a difference in this world.

Join us for the post race luncheon prepared by The Knights of Columbus at St. Jude Catholic Church.
