

Rotary Club of Los Olivos Foundation Grant and Project Application

The Los Olivos Rotary Club Foundation Board considers grant requests throughout each club fiscal year. The year begins July 1 and ends June 30. In general, more funds are available earlier in the year. Applicants are advised to time their applications accordingly.

Most monetary grants are made to non-profit organizations, though exceptions have been made to assist individuals. Club members also participate in hands-on projects to support non-profit organizations serving our local community. This includes assistance with events.

Please provide the following information.

Organization name: _____
