Dear Sunrise Rotary,

Thank you for the dictionary I really appreciate it and love the multiplication table for homework and I also really like the longest word, even though I can't pronounce it. I like it because I can show it to my brother and say "I bet you twenty bucks you can't pronounce it" and after that I will get twenty dollars. The dictionary will also help with my vocabulary because I don't have a big one. So thank you very much.

Sincerely,

Quincy
