

- **Community Service**
  - Our Club prides itself with ongoing hands on and financial support for service to our community. The annual Christmas Parade of Lights is our signature service event. The development of Rotary Centennial Park and its many uses is another signature project. Our Club completed well over 30 community service related projects or programs in the previous year. The most difficult thing here is our challenge in trying to keep track of these many project, programs or financial support that our Club gets involved with each year.
  - In the first (4) months of this Rotary year, the Club has participated in (11) service projects. The most recent community fund raising effort was our support for CASA in early October. The Club and its members raised \$5,800 in support of this organization and participated with their event - CASA at the Club.
- **Vocational Service**
  - Our Club has been very supportive of the needs for Veterans of the Armed Services for many years. We provide support to homeless Vets as well as provide an annual BBQ for disabled Vets through Operation Surf. Last month, we provided a BBQ for 35 Operation Surf Vets and spouses at a members home. We had 22 members support the effort. The Club raised an additional \$3,200 to assist with the Op Surf future efforts. We also provide annual recognition for the member's 'Employee of the Year'. Additionally, the Club conducts 4-6 club meetings annually to showcase member business and vocation. This is just a snapshot of our Vocational related services.
- **Youth Service**
  - Our Club sponsors the Righetti HS Interact Club. We continuously stay active with their club with financial and hands on support. We are very active with hands on and financial support for our FFA Junior Live-stock Auction, Special Olympics, YMCA, Boys and Girls Club, CASA of Santa Barbara County; and we provide Scholarships to high school and community college students, as well as scholarships for targeted youth in the Probationary system. This is just a snapshot of our Youth related services.
- **International Service**
  - Our Club has led, partnered, financed, or physically participated in over 26 distinctive parts of the World.
    - The latest project that our Club provided key leadership in was support for teacher education in rural Sri Lanka. This effort provided over \$165,000 from 34 local Rotary Clubs and TRF.
    - In the previous Rotary year; the Club partnered with a Rotary Club from Fargo ND to provide funding and hands on assistance with a school building project in Guatemala.
  - Our first International Service Project was to provide eye surgeries for the poorest people in the Celaya region of Mexico. This included (7) members of our Club traveling to the area and observing the clinic and procedures to help these people.
  - We have had at least (5) member/family participate in a Polio NID at least one time in India, Nigeria, and Ghana.
  - Our Club became a 100% Paul Harris Fellows Club in 2004. What separates us from many others is that our Club is a 'sustaining' 100% Club.
  - Our Club has averaged about \$245 per capita giving to the TRF Annual Fund over the past (10) years. Our Club has (5) Major donors to the Rotary Foundation.
- **Club Service**
  - Our Club has been recognized by District 5240 as the Outstanding Medium Sized Club in the District (3) times in the past 15 years. Our Club has also been recognized as the Outstanding Medium Sized Club for Community Service, Club Service, Vocational Service, and Youth Service many times during this same time period.
  - Our Club has established a 'Compassion Fund' that assists its members and families in need of support during difficult situations.
  - Our Club mixes many Club Social opportunities with service projects as a way to Enjoy Rotary and to serve others.
  - Our Club established a 501(c3) Foundation in 1994 to further provide support for others. We primarily focus on education, but also set aside funds for the elderly, other local service providers, youth and family.
  - Our Club signature fundraiser is the Annual Barn Party and Luau. Since 1989, with the help of our Community's generous support of our Rotary Club's activities, our club has contributed well over \$1,400,000.00 to the many service projects and programs, not only in our community, but throughout our World.
