## WHO IS GOING

### TO SANTA MONICA

Any member going to the conference at Santa Monica Friday and Saturday, September 18th and 19th, should notify the secretary at once in order that he may send word to

## COMING

The program for the 23rd will be in charge of the Rotary Education committee. Look for a surprise.

The Public Affairs Committee will have charge on the 30th, **LADIES' NIGHT**

## DOES IT PAY?

How many of us have ever taken the time to consider how important Boys Work really is?

The boy of today is the father of tomorrow's boy. He is tomorrow's business man, tomorrow's president. In fact the entire future of our country and of the world depends on the boys of today and their training.

If the boys of today is given the proper training and the proper encouragement we may rest assured that he will take care of tomorrow and of tomorrow's boys. Is it not a good investment to give a little of our spare time to the training and encouragement of the boys of today upon whom so much in the future depends.

## POINT PROVEN

"You say you come from Detroit" said the doctor to his fellow passenger; that's where they make automobiles isn't it?

"Sure," replied the American with some resentment; we make other things in Detroit, too."

"Yes. I know," retorted the doctor

# Songs

## I WANT TO BE HAPPY

I want to be happy,  
 But I won't be happy  
 'Til I make you happy too,  
 Life's really worth living,  
 When we are mirth giving,  
 Why can't I give some to you,  
 When skies are gray and you say  
     you are blue,  
 I'll send the sun smiling through,  
 I want to be happy,  
 But I won't be happy  
 'Til I make you happy too.

## CALIFORNIA

California, California,  
 Golden land far in the west,  
 The land in all the wide wide world  
     That I love best.  
 Where the sunshine loves to linger,  
 In this land beside the sea  
     This glorious land,  
     This golden land,  
 Is home to me.

## PLEASE OMIT FLOWERS

A man struck a match to see if  
 the gasoline tank of his auto was  
 empty. It was not.

A man patted a strange bulldog  
 to see if the critter was affection-  
 ate. It was not.

A man speeded up to see if he  
 could beat the train to the cross-  
 ing. He could not.

A man touched a trolley wire to  
 see if it was charged. It was.

A man stepped on an upturned  
 nail to see if it would go through  
 his shoe. It did.

## AIN'T IT?

Whiz—"Lots of foreigners are  
 coming into our country."

Bang—"Yes, immigration is the  
 sincerest form of flattery."—Amer-  
 ican Legion Weekly.

## THE RETORT DISCOURTEOUS

Mr. Thickhead—When I read  
 about some of these wonderful in-  
 ventions in electricity it makes me  
 think a little.

Miss Smart—Yes, isn't it remark-  
 able what electricity can do?—The  
 Storageman.
