

Springfield Rotary 66th Annual Penny Sale

Saturday, October 20th, 2018
6:00 pm at Riverside Middle School

Welcome to the 66th Annual Penny Sale,
sponsored by the Springfield Rotary Club.

The Springfield Rotary Club has gathered over 300 prizes valued at thousands of dollars to be won this evening.

Each \$1.00 ticket you purchase gives you 100 chances to win one of the over 300 prizes on display tonight. The penny per opportunity to win has always remained the same even though the prize values have increased each year.

Grand Prize
\$5000.00

Tickets \$2 ea. or 3 for \$5

Winner does not need to be present to win.

THIS YEAR
\$500

DOOR PRIZE

Winner must
be present

FOR EACH \$1.00 YOU SPEND - YOU RECEIVE 100 CHANCES
The more tickets you buy the more chances to WIN!!

This year the Springfield Rotary Club donated \$6,000 in scholarships for graduating seniors from Springfield High School. Since the inception of the Penny Sale, Rotarians have raised and donated nearly \$750,000 for worthy charities.

ALL PROCEEDS GO TO CHARITY
All work on the Penny Sale is donated
by Rotarians

Polio Fast Facts

The first polio vaccine was developed by Dr. Jonas Salk in 1955.

Polio has been around for thousands of years. Author, Sir Walter Scott, golfer Jack Nicklaus and filmmaker Francis Ford Coppola were all victims of Polio.

Polio is an intestinal virus that enters the environment through feces. It is spread via personal contact, exonerated by poor hygiene. The virus enters the body through the mouth. The polio virus can survive up to two months outside of the body.

Fewer than one in 100 infected people get a paralytic form of the disease. If this occurs, the virus destroys motor neurons, the nerve cells that control muscles.

In NYC in 1916, 27,000 people were paralyzed and 9,000 were killed by the poliovirus. In 1952, 58,000 cases were reported in the US and 5,000 in Canada.

Ten million children in five countries were immunized by the end of 1956. By 1957, there were fewer than 6,000 cases of polio in the United States.

1979-1980's: Rotary undertakes a series of polio immunization campaigns.

The World Health Organization certified that the United States became Polio free in 1994 followed by the Western Pacific region in 2000 and Europe in 2002.

2002-03: Rotary Polio Eradication Campaign raised \$135 million. Bill and Melinda Gates Foundation contributed \$1 million dollars.

2007: The Gates Foundation announced its first major grant for Polio eradication to Rotary International. It was a \$100 million dollar challenge to Rotary.

By 2008, Rotarians had contributed more than \$700 million dollars and countless hours to immunize more than two billion children in 122 countries.

2009: Bill Gates pledged an additional \$255 million dollars.

2012: Rotary raised \$228.7 million dollars.

2017: Gates Foundation increased their pledge and increased up to \$450 million dependant upon Rotary's 2-to-1 match.

Rotary's tangible goal is to realize \$50 million a year through 2020.

Afghanistan, Pakistan and Nigeria are the only countries in the world with active cases of Polio.

Help us make the world Polio free. If you wish to contribute visit www.endpolio.org/donate or contact Kimberly Lampert, Polio Chair at 802-779-7194 or email Kim at ludlowrotary@gmail.com. (Please note Rotary District 7870 in the comment section).
