This type of program fulfills multiple areas of focus, Water, Health, Economics, Maternal Child Health, Disease Prevention, and Literacy. The process leads to Peace and Understanding!! The village in Ecuador is such an ongoing success - our children are doing well. They are thriving and we are part of their lives. We also want to help the people and the children in Nepal in the same way. Through PDG Tulsi we have been asked to partner with clubs in Katmandu in this effort.

LET'S DO THIS TOGETHER!!

PLEASE RSVP BY October 3, 2015
