**Wings of Wonder**  
RAPTOR EDUCATION, REHABILITATION & RESEARCH

Wings of Wonder is a non-profit raptor sanctuary located in Empire, Michigan and active since 1990. Our primary mission is education. We present more than 150 educational programs and reach over 10,000 people annually throughout Michigan. Our presentations are designed to foster appreciation, understanding, honor and respect for raptors and the important role these birds play in healthy ecosystems.
