

Mentor Program

- Every new member is assigned a Mentor upon induction.
- In general, the Mentor will be the new member's Sponsor but if that is not clear, a Mentor will be assigned by the current Club President.
- Mentor should make every effort to introduce the new member to all club members and make them comfortable attending meetings.
- Mentors should be fully knowledgeable of the club's Elevator Speech, Mission Statement, Orientation Passport checklist, and Membership Information packet and review all these materials with new member. Mentors should provide assistance to the new member in completing the Orientation Passport checklist.
- Mentors should monitor new member attendance at club meetings and events and encourage participation if it is lacking.
