Polio still cripples thousands of children around the world. With your help, we can wipe this disease off the face of the earth forever. Visit [rotary.org/endpolio](http://rotary.org/endpolio) to help.

"Eradicating polio will be one of the most significant public health accomplishments in history, and we are committed to helping reach that goal with Rotary as one of our key partners."

*Bill Gates, Cochair, Bill & Melinda Gates Foundation*

"If we all have the fortitude to see this effort through to the end, then we will eradicate polio." — Bill Gates, cochair of the Bill & Melinda Gates Foundation

Since 1988, Rotary International and its partners in the Global Polio Eradication Initiative (GPEI) — the World Health Organization, UNICEF, and the U.S. Centers for Disease Control and Prevention — have worked to wipe polio from the face of the earth. A volunteer service organization of 1.2 million men and women, Rotary began immunizing children against polio in 1985 and became a spearheading partner in the GPEI three years later.

Rotary's main responsibilities are fundraising, advocacy, and volunteer recruitment. To date, Rotary has contributed more than US\$900 million to the polio eradication effort.

With over 33,000 clubs in more than 200 countries and geographical areas, Rotary is able to reach out to national governments worldwide to generate crucial financial and technical support for polio eradication. Since 1995, the advocacy efforts of Rotary and its partners have helped raise more than \$8 billion from donor governments.

Rotary clubs also provide “sweat equity” on the ground in polio-affected communities, which helps ensure that leaders at all levels remain focused on the eradication goal. Rotary club members have volunteered their time and personal resources to reach more than two billion children in 122 countries with the oral polio vaccine.

Thanks to Rotary and its partners, the world has seen polio cases plummet by more than 99 percent, preventing five million instances of child paralysis and 250,000 deaths. When Rotary began its eradication work, polio infected more than 350,000 children annually. In 2009, fewer than 1,700 cases were reported worldwide.

But the polio cases represented by that final 1 percent are the most difficult and expensive to prevent. Challenges include geographic isolation, worker fatigue, armed conflict, and cultural barriers.

That’s why it’s so important to generate the funding needed to End Polio Now. To fail is to invite a polio resurgence that would condemn millions of children to lifelong paralysis in the years ahead.

The bottom line is this: As long as polio threatens even one child anywhere in the world, all children — wherever they live — remain at risk.

As long as polio threatens even one child anywhere in the world, children everywhere remain at risk. By Donating now, you can help Rotary achieve a polio-free world. [www.Rotary.org/EndPolio](http://www.Rotary.org/EndPolio)

## Over \$300,000 in local scholarships

Our club has awarded scholarships to Simsbury and Granby students continuously over the past 44 years. In recent years, we've formed the Ed Dodge Scholarship Fund, designed to be self-perpetuating with a goal of over \$15,000 in annual scholarship awards.

## We appreciate your help

Our Rotary consists of a group of dedicated volunteers who give generously of their time and money to help improve the quality of life for all those in our community, but our achievements would not be possible without the kind support of benefactors. Thank you for supporting our programs this year. You'll help our community, while spotlighting your company name in front of citizens who have come to anticipate and appreciate our events.
