Rotaract Quiz Night

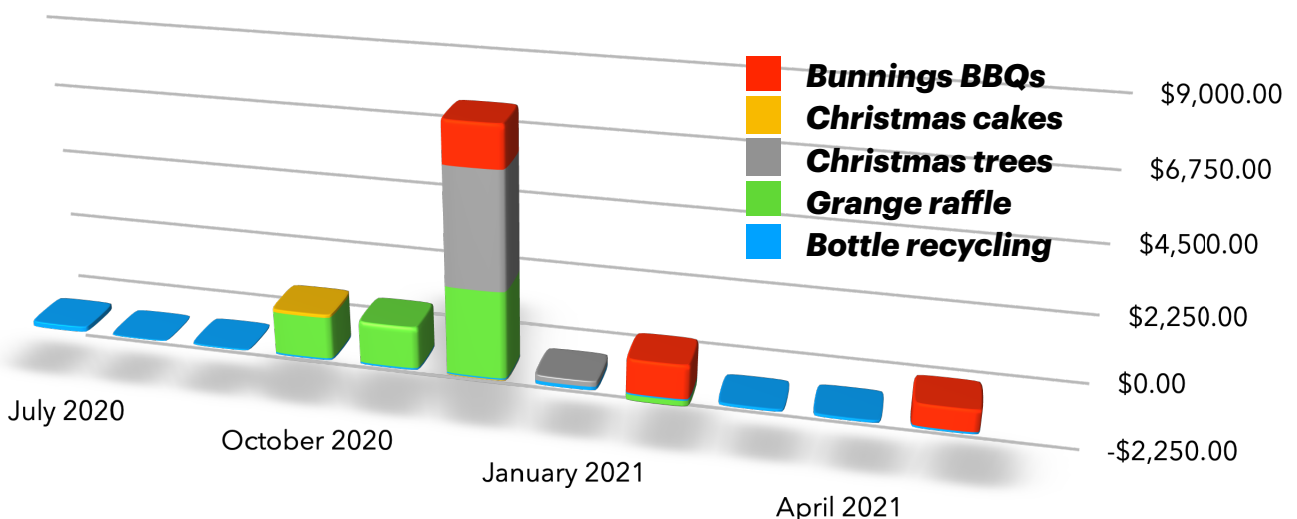

PRESIDENT'S REPORT

This year's Rotary International theme - 'Rotary Opens Opportunities' was introduced by World President Holger Knaack (Germany) and I think that Covid-19 assisted our club in doing this. We had to embrace Zoom Breakfast Meetings, which were very well attended (higher numbers than this year's face-to-face meetings) plus the club's Board meetings. We have continued to 'zoom' our meetings for those members who find attending breakfast difficult due to work commitments and thank you to John Wotherspoon and Richard Jarrett for overseeing this project.

Non attendance has become a challenge for the club as all of our younger members find attending breakfast difficult but make it very clear that they wish to belong to Adelaide Light. So we plan to introduce some evening Dinner meetings to accommodate them. Flexibility appears to be one of the keys to our Club's success moving forward. Low numbers have also put pressure on our finances as we need a minimum of 15 to break even for breakfast, so all members should be aware of this.

Covid-19 also caused havoc with our meeting venue as we had to vacate the Stamford Grand on North Terrace when it became a quarantine hotel and we moved several doors to the Grosvenor/Mercure Hotel. Unfortunately some months later that hotel decided to stop offering conference catering, so after much investigation we're now ensconced at the Sage Hotel on South Terrace in a bright, attractive room and offering an excellent breakfast.

I have been attending the regular Area 12 President Meetings, which resulted in an excellent Dinner at the Adelaide Oval to celebrate the centenary of Rotary in Australia and it was attended by a strong contingent of our members in April.

Fundraising Revenue by month

I would like to thank John Wotherspoon for offering me strong support this year and assisting in planning and organising Club events. Also, the late Phil Harding for delivering us a diversity of interesting speakers and to Dean Sullivan for taking over this role at a moment's notice when Phil fell ill. Julie Campbell for being an enthusiastic and conscientious MC. Di Lane for her work in diligently producing the weekly newsletter; John Campbell for his advice about Rotary matters.

Finally, I would like to acknowledge Secretary Di Lane and Treasurer Bruce McDonald for being so supportive and going above and beyond what is normally expected. I wish to thank the entire Board for their support, Richard Jarrett, Angus Tuck, Fred Field, John Wotherspoon, Barry Greer and Katrina Ball.

Rob McLennan, President

FUNDRAISING

This Rotary year has been particularly challenging for fundraising because Bunnings Mile End barbecues were cancelled due to Covid restrictions. We thankfully restarted on their roster as of 25th May 2021 and there were also two opportunities to help RC Adelaide Parks with their barbecues for some extra income.

Our annual Christmas tree sales went very well at Bunnings Kent Town and we were pleased to come close to making budget. At the end of last year, we also had a successful Grange wine raffle which helped our income along.

As the graph below illustrates, before that recycling bottles/cans and Christmas cake/pudding sales was our only income, so things were looking bleak for our capacity to support club projects. You can see that Christmas trees and the Grange raffle rescued our revenue position till Bunnings BBQs began to underpin our fortunes again.

FELLOWSHIP

During the year, Di, Rob and John W arranged some enjoyable social events

for members, family, friends and Rotaractors - including bushwalking, a picnic, Christmas function and Pizza night. The 'Lift the Lid' fundraiser meeting organised by John Campbell for the Rotary Health Foundation, blended fundraising and fellowship.

A Club picnic at Belair National Park last winter allowed President Rob to demonstrate what Hawthorn may have been missing in recent years (photo to the right).

Our combined Rotary/Rotaract Christmas party was held at the ever-popular Riverside Rowing Club. This was also when we conducted the 'Auld Teapot Challenge' against Adelaide City Rotaract via a game of Quoits! Adelaide Light won again (*sigh*). Left photo below shows John C, Liz, Stef with the 'Auld Tea Pot', Rotaractor Dechlan and Yvette; *right*: Quoit competitors posing by the river. The Grange raffle winner drawn then too was past club member, Andrew Black.

Once again, Rob's rowing opportunity proved popular with Rotaractors.

Next, we're looking forward to our planned train ride from Mt Barker via Strathalbyn to Goolwa on the 1st of August. It's booking fast, so if you fancy a train ride through the interesting hills portion of the Mt Barker to Goolwa track and a few hours over lunch in Goolwa, please enquire.

Di Lane - Director, Fundraising and Fellowship

COMMUNITY SERVICE

We had 2 years of false starts on the second phase of our **Catherine House landscaping** project, awaiting 'concrete' action from the Housing Trust. A frustrating year for Katey Halliday, Katrina Ball and past member Kym Pedler that finally seems to be resolved so we can at last start our work there.

Kirsti Kankkunen arranged an evening gathering at Riverside Rowing Club on the Torrens on 28th September. Over pizza, drinks and socialising, many Club members, Rotaractors and a bevy of Kirsti's workmates... 48 in all and **we assembled 600 birthing kits** to send offshore to Papua New Guinea and several African countries.

At our 26 November breakfast meeting, Kirsti, Katey and Rotaract arranged a **'Share the Dignity'** event for Club members. This 'It's in the Bag' occasion had us all filling bags with some of life's essentials for those in need or experiencing period poverty. Pre-loved handbags or backpacks in

good condition were donated and filled with period products, shampoo, conditioner, toothbrush, toothpaste, body wash, roll-on deodorant and things we felt someone doing it tough might appreciate.

We also did the COVID modified 2020 'Walk a Mile' / Hutt St Centre event in August.

Adelaide Community Dental Outreach Clinic has operated on Light Square in the city for ten years. Pro-bono dentists offer dental services and supervise Bachelor of Dental Surgery, Bachelor of Oral Health and Dental Hygiene students giving comprehensive care for often complex dental and medical problems in socially disadvantaged patients.

By 2020 dental service demand necessitated a second dental chair. COVID uncertainty had reduced employment income for many who'd lost their jobs, were ineligible for public dental care and couldn't afford private dental care.

Whilst regular Community Dental Outreach benefactors met recurrent Clinic operations, there was a case for Rotary to buy new equipment for the second chair. Dental Concepts donated a refurbished dental chair and will maintain it, so our club in

partnership with Adelaide Parks Rotary and a Rotary District grant together donated the \$11,250 to buy it. Katrina's grant application skills were most effective in ensuring the grant was given.

Our Club visited the Common Ground facilities in Light Square for our 11 February breakfast meeting to see the completed 2nd surgery fit-out. Margie Steffens toured us through the University of Adelaide's Dental Outreach facilities and we inspected the second dental chair equipment.

The Bread Run has been reliably managed by Richard Jarrett for several years. It is carried out on Sunday nights by our members and Adelaide City Rotaractors. Thanks to Bakers delight at North Adelaide, we continue to supply unsold fresh bread, rolls and buns to the Adelaide Day Centre (also known as the Moore Street Centre).

Unfortunately Katrina resigned as Committee Director during vintage at the start of April. We do appreciate her input and particularly her professional job in successfully applying for the dental services grant mentioned above.

Club discussions revealed some future community service ideas. One is '**Chat 2 Belong**' - Rotarians chat over coffee with recent migrants about ways to help them assimilate more readily into Adelaide life. Our first on Saturday June 5th was a success, ably chaired by Andries van der Merwe who is

highly skilled in such roles. The 'Chat 2 Belong' gatherings may possibly continue monthly, with new faces welcome at any time.

As incoming Community Services Committee Director, Kirsti has hit the ground running. She's done truly great work on the new projects and getting Rotaractors involved, especially for the many new hands-on projects. So well done Kirsti... and for the rest of us, there's much to do in the months ahead!

katrina Ball, John Wotherspoon and Kirsti Kankkunen

INTERNATIONAL SERVICE

Colombian Scholarships program

This year has been very difficult with the COVID pandemic restrictions affecting both the RCAL ability to raise funds and for our partner club, The Rotary Club of Bogota Suba (RCBS) in its communication with the 10 scholarship holders and administration of the programme in Bogota. However, the students managed to continue with some online studies at SENA under lock-down conditions. In the past Rotary year our club provided for and remitted one \$2,250 payment to RCBS so the students could continue with their studies in the difficult circumstances.

Over the past 12 years the Colombian Scholarships programme successfully enabled many underprivileged and academically deserving high school students to go on to further studies at SENA (similar to TAFE) or university. Our club's scholarship funds provided each student with about A\$400 disbursed in quarterly payments during the year. We greatly appreciate our partner club Rotarian, Gabriel Martinez and his hardy RCBS members who have administered the scholarship programme ensuring accountability and expenditure reporting at 6 monthly intervals over the 12 years. Since the first scholarships began in 2009, over 150 student scholarship recipients have successfully completed their courses. Our club's contribution over that time has exceeded \$50,000.

Bogota Suba Rotary Club continued to enthusiastically provide the essential administration effort needed to sustain the scholarship programme over the years in Bogota. The work of Bogota Suba Rotarians included the selection of worthy students, managing disbursement of student payments, quarterly meetings with and mentoring scholarship holders in the Mirama community

centre. Our club's important role has been fundraising via BBQs, Christmas tree sales and other events towards the scholarship programme over so many years. Congratulations to our members whose efforts helped change the lives of so many young people in Colombia.

Although the Colombian programme was very successful and we've strongly supported it, your Adelaide Light Board agreed earlier this year it was time to find an International Project closer to home... perhaps in the Pacific or SE Asia. This also offers more opportunities for direct member participation. Accordingly I advised Gabriel of our decision to phase out our participation in the Colombian project at the end of this Rotary Year. Their response was both gracious and understanding; we look forward to continued contact and friendship between our clubs well in to the future.

Future Project possibilities in East Timor

Rotarian Kirsti suggested we may find a suitable project in Timor Leste with the help and guidance of members Rotary District 9550 Australia and Timor Leste. It's one of the most diverse Rotary districts in the world and Kirsti's father is its incoming District Governor. Ray Fauntleroy is AG Group 1 for 9550.

Ray is responsible for the Timor Leste clubs and I understand he may assist with his on-ground knowledge of local needs there. Floods in April caused much damage and suffering in Timor Leste, so current priorities are for immediate relief.

I've also discussed possibilities with a Melbourne Rotarian who has been involved in joint club projects in Timor Leste for some years. This could be another avenue to explore with the incoming International Committee. Working with other Rotary clubs well experienced in the region could be a good way to begin our regional involvement.

I am looking forward to the new Rotary Year with the new committee and incoming President John. Thank you President Rob, Treasurer Bruce, and team member Barry for your support during the past year.

Angus Tuck , International Service Director

VOCATIONAL AND YOUTH

Our Club continued to support Rotary's youth programs during this year. Unfortunately, a number of programs had to be delayed or cancelled due to the extensive bushfires and the COVID-19 emergency.

RYLA (Rotary Youth Leadership Award) is a transformational leadership program designed for young adults aged 18-27. Over a whole week, the program is run by District 9510 and includes inspirational speakers from the community together with engaging activities and challenges. It's all done in a supportive environment that enables their leadership to grow and develop to its full potential. The RYLA program for July 2020 was postponed to April 2021 due to COVID-19. Our Adelaide Light club sponsored one student there, Sam Alberton. At the end of the week a final dinner was held (pictured) where the participants told how the RYLA experience affected their lives.

RYPEN (Rotary Youth Program of Enrichment) is a weekend residential experience for youth aged 14-16 years designed to develop skills that will assist them in the transition to adulthood. Participants are involved in a variety of workshops and activities, providing an opportunity for them to personally develop, gain self-confidence, communication skills, challenge themselves, build friendships, and develop life skills. Like RYLA, the RYPEN program for March 2020 was also postponed to April 2021 due to COVID. We sponsored a year 9 student from CBC, Hussain Ali Mohammadi.

NYSF (National Youth Science Forum) is usually a 12-day residential program. It is designed to give students broad understanding of the diverse study and career options available in science, technology, engineering and mathematics (STEM) and to encourage continued studies in these fields. Due to COVID-19, the program was state-based in January 2021, with much of the program offered via Zoom. With the Rotary Club of Eastwood, we shared sponsorship of one student, Emma Corby from Marryatville High School.

Vocational Visits These normally form part of our program, but COVID-19 led to the cancellation or postponement of these activities.

MEMBERSHIP

At the beginning of the Rotary year our club had 25 members and one more was added when Paul Ensor joined, who immediately became involved in our club activities.

Very sadly one of our club's founding members, Dr Phil Harding AM recently passed away and he'll be greatly missed. Unfortunately, long-serving member

John Karran has also left us to live in Carrickalinga. 😞

We currently have six members under age of 40 with two more to be inducted at our Changeover Dinner on Thursday 1st. July. This will make a total membership of 26 including 8 under age 40 (30%). Overall, this augurs well for the long term viability of our club and the next exciting phase of our development.

Rob McLennan, President

TREASURER'S REPORT

The Financial Statement to 31st May 2021 is attached at the end of this annual report. Again the Club ended the year on a solid financial footing with total funds of \$8,970.56 on hand.

Club Administration incurred a \$2,250 deficit due some unplanned items, the main ones were being buying additional equipment, lower attendance at our breakfast meetings, subsidy for Group 12 Dinner and outstanding membership fees.

With funds carried forward from the previous year and a total of \$10,800.83 raised from fundraising activities the Club was able to donate \$15,158.46 to various charities for the year and still retain a healthy balance for the incoming Rotary year.

The Club still has an outstanding commitment up to a maximum of \$1,800 for the Catherine House garden project. Due to COVID-19 and outstanding SAHT works we have once again been unable to complete this project.

Bruce McDonald - Treasurer 2020/2021

FOUNDATION

We are in good standing with gifts to the Foundation with Polio Foundation and Rotary Health. Thank you also to members who have contributed through the Centurion Club.

The significant project this year was helping Maggie Steffens with her Dental Project and we are grateful for the effort that Katrina Ball took in steering us to success with the Foundation Grant.

Barry Grear AO

CLUB ADMINISTRATION ... AND STATISTICS

Club meeting attendance from 1st June 2020 to 31st May 2021 fluctuated between 9 and 22 members, averaging 14.4. Attendance was higher during the Zoom meeting period from May to August 2020, then declined as further venue changes were imposed upon us. Meetings were Zoomed where practicable for members who were unable to attend in person.

The highest attendance was at a joint meeting with Adelaide City Rotaract at Riverside Rowing Club on 28th September; 10 Adelaide Light members and 37 Rotaractors assembled 500 birthing kits. The highest attendance in calendar year 2021 was at the 14th January meeting arranged by the late Phil Harding, where Dr Higgins addressed 19 members and 8 guests on aspects of the Covid-19 pandemic and the efficacy of the several vaccines available.

We held two joint meetings with other Rotary Clubs - RC Eastwood in July and another with Adelaide Parks. Numerous guests and visiting Rotarians attended meetings, averaging two per meeting. Covid-19 limited activities outside regular meetings, with a gradual resumption since October 2020.

Barbecues: Three BBQ's were held at Bunnings Mile End from December to May. Three members also assisted RC Adelaide Parks with their January 2020 Bunnings BBQ. Total hours worked on BBQ's was 127.

Bread Run is now a smaller undertaking, requiring only 1 member per Sunday. Total hours - 35. Ronald McDonald House activity has not resumed.

Walk-a-Mile; 5 walkers for 1 hour. Total 5 hours.

Women's and Children's Hospital project has not resumed.

Catherine House: tree planting - 18hours.

Christmas Tree Sales: Two venues, Kent Town Bunnings and Angas St On the Run over 3 weekends. Total hours worked - 255.

Fred Field, Director Club Administration

OTHER ROTARY ACTIVITIES

Rotaract

Two of our members, Katey Halliday and Kirsti Kankkunen are still active members of Adelaide City Rotaract Club as well as Adelaide Light Rotarians. Kirsti has been busy within our Club, taking over the reins as Community Services Director. She's helping us find and deliver hands-on project outcomes that will be valued within our community, getting Rotaract involved while also attracting some external 'hands' to help in delivering. Those external 'hands' may even ultimately decide to become Rotarians!

Katey's been particularly busy with considerable Rotary involvement outside our club, about which many of our members may not be aware.

Her main Rotaract involvement is the [Reconciliation Action Plan](#) (RAP) Working Group. To be launched on 7th July at Adelaide City Rotaract's Changeover lunch, this RAP will support reconciliation within our local community and Australia more broadly. It aims to strengthen relationships between Rotaract club and Aboriginal and Torres Strait Islander peoples and community groups. Adelaide City Rotaract Club will be the first within Rotary to develop a Reconciliation Action Plan.

Rotary Youth Leadership Award (RYLA)

Katey completed the RYLA Oceania program from January to December 2020, jointly sponsored by then District 9500 and 4 different clubs, including Adelaide Light. As part of this program Katey was part of a working group assisting the Rotary LGBT Fellowship to identify ways to promote LGBT+ inclusion within Rotary. They developed an assessment tool to help facilitate conversations within clubs about how to be an LGBT+ inclusive club. More information about the tool is on the [Rotary LGBT Fellowship website](#).

Diversity, Equity and Inclusion (DEI) within Rotary

Katey was a guest speaker at the 2021 'Virtual Victoria' Multi-district conference on the topic of 'Inclusion in Rotary'. She's also written two articles for the Rotary voices website on '[Why DEI is the 'right thing' for Rotary](#)' and '[3 ways to create a harassment-free zone at Rotary](#)'. Katey's article '[Three ways to make your club more inclusive](#)' was published in Rotary Down Under magazine. She was also featured in the April 2021 edition of the Rotary Magazine due to her involvement in the Rotary International Diversity, Equity and Inclusion (DEI) Task Force.

In September 2020, Katey was also accepted as a member of Rotary International's inaugural [Diversity, Equity and Inclusion Task Force](#). It was tasked with bringing life to Rotary's commitment to become an organisation that values the principals of diversity, equity and inclusion (DEI). Those values were adopted in Rotary's Diversity, Equity, and Inclusion statement in January 2019 by Rotary International's Board of Directors.

Barry Grear is part of the District 9510 Disaster Recovery Committee

but thankfully it has not had cause to meet in the last 12 months.

District Finance and Management - Yvette Reade

Yvette has been heavily involved in Rotary's many activities for much of her 30 years in Rotary including District 9500 Finance and Management Board before we merged into District 9510. She was invited to join this year's F&M Board too but declined to focus on her husband Tony's health. He's in a nursing home now but still keeping Yvette on her toes in his inimitable way - our best wishes go to them both.

John Campbell - Australian Rotary Health

For the past 3 years until December 2020, I was the Combined Districts 9500 and 9520 Chair for ARH supported by a committee of Rotarians from various Clubs in both Districts. The committee's aim is to increase awareness of ARH through fundraising functions and Club visits. We also aimed to show Clubs how to how easy it is to take ownership of new and different fundraising activities such as the 2 successful High Teas introduced in 2018 and 2019 with guest speakers John Dawkins, MLC and former Premier's Advocate for Suicide Prevention and in 2019 Chris Burns, former SA Commissioner for Mental Health in 2019. Last year the Rotary Club of Morphett Vale took over the High Tea mantle.

Another new campaign was introduced in 2020 - A Wine Offer - to assist Clubs fundraise in Covid times without eating into their resources. Our Wine Merchant donated to ARH \$30 per dozen of wine sales. \$2850 was raised and we arranged with ARH to give recognition of the sales facilitated by Clubs by recognising that Club's share of the \$2850 as fundraising by that Club. Our Rotary Club of Adelaide Light's share was \$950. Based on its success another Wine Offer will be made this year.

In the lead up to the 2021 Rotary Conference, we designed and arranged a Virtual Bike Ride/Walk to the conference to support ARH's Lift the Lid on Mental Illness campaign. \$5,139.27 was raised.

In December 2020, I was elected to the Board of Australian Rotary Health as the South Australian Director. I have attended 3 Board Meetings and I am pleased to report the high level of commitment, integrity, and transparency in which ARH works.

Where does Australian Rotary Health (ARH) fit into the Rotary family, and what is its relevance to our Clubs and to our communities?

1. Australian Rotary Health is Australia's largest and longest serving Rotary program and through its research, has **saved countless thousands of lives. We are a great Australian Rotary charity**, fully endorsed by Rotary International, with an enviable track record. You can feel confident in our researchers and in the management of our research and indigenous scholar programs. Thanks to our many volunteers, along with interest earned from our investments, **we can give 100% of our donations to our research programs.**
2. **Our Statement reads** 'Supporting healthier **minds, bodies** and **communities** through **research, awareness** and **education.**' **Our mission** is to create better health for all Australians through improved education and advancements in knowledge through medical research. We support excellence in research to provide both preventative and curative solutions for a broad range of health conditions.

As well as research, Australian Rotary Health also provides funds to support Indigenous medical students pursue their studies.

Australian Rotary Health began in 1981 when Ian Scott from the Rotary Club of Mornington, Victoria was so moved by the rate of infant deaths that he proposed establishing a Charitable Fund to raise a minimum of \$2mil for research into COT deaths. Professor Terry Dwyer was one of the first researchers to be funded by Australian Rotary Health in 1986 and because of his research, based on all the evidence, public health authorities in a number of countries, particularly the UK, Australia and New Zealand,

decided that they would mount campaigns to reduce prone sleeping position. **Parents responded by dramatically changing the position in which they placed their babies for sleep;** and the death rate from **SIDS fell equally dramatically - falling by about 40% in the first year of the campaign** and by **the end of the 1990s** the number of cot deaths in Australia had fallen from 500 per year to just over 100. **An 80% reduction.**

Our primary focus **since 2000** has been **Mental Illness Research** and **since 2012 the focus has been narrowed to the Mental Health of Young Australians and soon, we can expect to see the focus further narrowed to improve the mental health of Australian children from 0 to age 12.** For those who attended the recent District Conference, we heard Professor Michael Sawyer illustrate why these early years study is so necessary.

On behalf of Australian Rotary Health, I thank our Club for its ongoing support of ARH which has increased dramatically over the last 3 years.

Past District Governor, John Campbell
Director Australian Rotary Health
