PRESIDENT'S REPORT

Rotary thrives globally but developed world clubs grapple with how to remain appealing as their membership shrinks. Fortunately, our own club has recovered our numbers since a low point in recent years. That success is due to flexibility, offering hands-on options for community service and fundraising, sprinkled with some engaging social opportunities and less formality. At all times, we aim to reflect 2021/2 Rotary International President Shekhar Mehta's theme: 'Serve to Save Lives'.

A recent member survey confirmed our strategy agreeably meets most members' needs, if slightly ruffling some traditionalist feathers. So, our main club activities revolve around Community Service and Fundraising, which were Covid-19 constrained in the first half of the year, improving later. Mid-week BBQ revenue has been kept afloat largely by our retired members while the others engage mostly via after hours community activity. The trick is to bring the whole club together with some occasions for both groups to mingle.

Thanks to Kirsti, Katey and others we have enormous community activity and within this, mentoring our Afghan family is a highlight. Meanwhile, Rob, Di and the fundraising team keep our revenue healthy - BBQs still dominate but low weekday BBQ returns necessitate more diverse fundraising. Amid all this, the management and Club service group keeps our Club humming.

Essentially, we're juggling a desire to retain breakfast meetings, while accommodating those for whom work commitments make attendance difficult. Our current solution is 'Terrace Hotel' breakfasts on 2nd and 4th Thursdays and an 'Astor Hotel' dinner 4 times a year on 5th Thursdays. In between, committee activity keeps things ticking over. Strong meeting attendance is ideal but to optimise flexibility for members engaging via hands-on projects is fine. Thanks to Fred for managing our stats, etc.

Sadly, our Club's live wire Charter President, Tony Reade died on 30/10/21 after prolonged illness and we commiserate with Yvette (and Elaine). Tony leaves behind a club whose members can be relied upon to lean their shoulders to our wheel. Particular thanks to Kirsti, Katey and their team for our club's community service engine room. Also, Rob for his boundless energy and 'just do it' approach; Di is always serene above the water while paddling industriously beneath. Bruce is Mr Everywhere, mustering cash, Square Reading and reporting in timely manner while carefully managing risk. Paige was our Quiz Night guru while Margie, Alison, Stuart and the two Paul's also stepped up during the year. Angus calmly steers international

Dean diligently manages our guest speaker list while Richard coaxes the technology and Julie comprehensively steered us through each meeting.

Thanks for the support from all of our Club's Board and Committee members, your sagacity is always there when needed. There are many others I've not named, which is risky... but you're definitely highly valued even if not specifically named.

John Wotherspoon, President

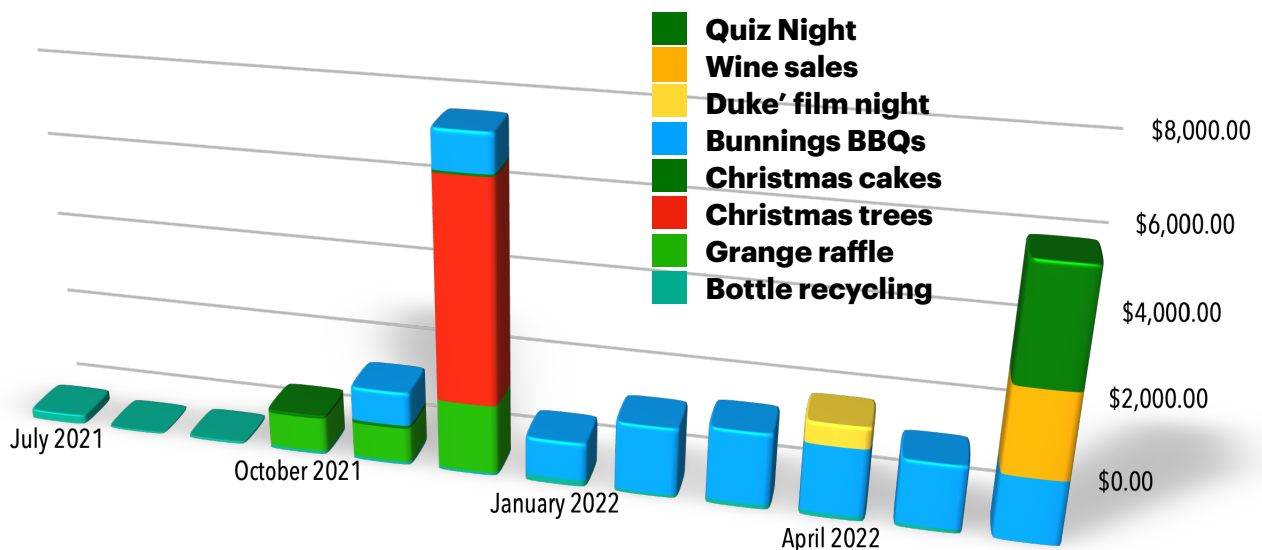

FUNDRAISING

The impact of covid on this year’s fundraising was huge. Even so, the club did a terrific job in making our fundraising year a great success. Christmas Tree sales were strong, comfortably beating our budget, as was the Grange Wine Bottle Raffle and the Bottle Recycling.

The club’s largest fundraising project with its regular inflows is our monthly barbeques at Bunnings, MileEnd. We also helped Adelaide Parks and Norwood Rotary Clubs operate theirs, all of which achieved our biggest annual return. There are many to thank here... you know who you are.

In addition to our annual Xmas Cake and Entertainment Book sales, we ran a highly entertaining Movie Night with an excellent film, ‘The Duke’ at Prospect cinemas.

Fundraising revenue by month

Rounding out the year was the outstanding June 3 Quiz Night combined with Adelaide City Rotaract Club. Particular thanks to Paige for her dynamic steering of this event. Finally, our wine sales capped an excellent year.

FELLOWSHIP

SA's minimal 7-day Covid lock-down is now a dim memory that luckily didn't stop Rob's highly successful steam train ride from Mt Barker to Goolwa on 22nd August. It was so popular that we very nearly filled all the Steam Ranger carriages that day. Smiles all round on a beautiful sunny day. The train trip idea is worth doing again once its novelty is forgotten.

Guess Who's Coming to Dinner was reprised during winter, then to our sunny 'Spring Magic' picnic in Botanic Park. By mid October, our combined Astor Hotel dinner with Adelaide City Rotaract blended social with End Trachoma kit assembling. Let's enjoy more wonderful combined meetings like this. We held a November bushwalk before our December 'Teapot Challenge' with AdCity Rotaract with camaraderie, a Grange raffle draw, some croquet skilling but also the 'Auld Teapot passing from our club to Rotaract.

As we came out of the lockdown phase in Autumn '22, we hosted District Governor, Jeff Neale in a combined AdCity Rotaract meeting. There was a

sunny picnic for members and our Afghan family in mid March; and seven members got along to our District Conference in the Barossa. In April seven members also mingled with other Clubs in our Area12 Combined Clubs dinner at the South Tce Pavilion.

We also raised some funds for our Afghan family while thoroughly enjoying Rob's film night seeing 'The Duke' at Prospect. Julie organised a 'Biggest Morning Tea' and raising some funds for Australian Rotary Health. Then with Adelaide City Rotaract, Paige and Nic worked their magic to shoot the lights out on fun and revenue for our Combined Quiz Night.

Apart from meetings, coffee conversations and the above social events, Community Service work offered another social opportunity. Our regular 3-weekly 'Fred's Van' is well valued, as is mentoring by many members and friends for Erfan and his Abidi family, after their rushed exit from Afghanistan after the western allies hasty withdrew. Thanks to Katey, Kirsti and their team, this may be the most constructive community work we've ever done.

Di Lane and Rob McLennan - Directors, Fundraising and Fellowship

COMMUNITY SERVICE

It's been a busy year for Community Service and our energetic committee.

Share the Dignity: Last September our club received a \$5,000 District Grant for a \$10,000 Adelaide City Rotaract project we jointly supported to install a period product dispensing machine for women and girls. The site chosen was Wonggangga Turtpandi, a Watto Purrunga Aboriginal Health Service in Port Adelaide. The machine dispenses free #PinkBoxes of 4 tampons and 2 sanitary pads, limited to one box every 10 mins. Installation concluded this week with maintenance by Share the Dignity.

Chat 2 Belong: Led by Alex and Maria, our groups have met 6 times across the year, with some Covid-19 interruptions. This supports 'new Aussies' in Adelaide with networking, social and emotional support, connection and English practice. Its positive flow on effect ensured many attendees then became 'Friends of AdLight' to help out with other Community projects.

Fred's Van: In July 2021 we started participating Fred's Van - a meals to the homeless service run by Vinnies 6 nights a week at Gawler Place. We head out as a team of 5 (+2 experienced volunteers - Luke and Tess) every third Wednesday night. Our rotating roster has 9 members, 1 Rotaractor and 4 Friends of the Club. I've personally found this very rewarding and enjoy being Team Leader. We recently got our new van and it's pretty schmick!

Refugee mentoring: Through Community Refugee Sponsorship Australia (CRSA), a mentoring group from our committee is led by Katey with John W, Rob, Paige, Paul Ensor, Maggie and me. We did some training last spring

and we've since supported an Afghan refugee family who arrived here in September 2021. The family of 7 includes Abdullah (50), Sharifia (67), Erfan (30), Manizha (23) and 3 boys, Mowahid (6), Tawhid (4) and Zahid (1). We've assisted them in various ways including financially supporting Erfan to get his Australian driver's license, now applying for a security licence, checking his university and employment options, investigating volunteering options for Abdullah, running English classes on Saturdays for Abdullah and Manizha, assisting with their Housing application, and connecting socially in many ways including outings at Cleland Wildlife Park and a picnic for Harmony Week. It's been busy, satisfying activity that is highly valued.

Tree planting: Our well-attended 2nd annual planting morning with the Adelaide City Council on 14th May 2022 was near the Torrens and Hackney Rd Bridge. It was attended by 7 members and some Friends of the club, including Abdullah from our Afghan family and 10 South Americans from Chat 2 Belong. The weather was kinder to us than last year and we even got to take home a plant as a thank you.

Catherine House activities also continued this year, jointly with Adelaide City Rotaract Club. We helped with planting out 5 cottage gardens in July 2021 and with weeding, mulching and some planting in a garden we had landscaped before in November 2021. We plan another weeding and mulching event, hopefully in coming months.

The Bread Run surplus bread delivery originated with the late Bob Angove, AdLight Past President and City Councillor. Each Sunday, club members collect leftover bread from North Adelaide Baker's Delight, taking it to Adelaide Day Centre (also called the Moore Street Centre). This project

quietly ticks along under Richard Jarrett's diligent supervision.

Other activities have included:

- **Volunteering at Treasure Boxes.** Treasure Boxes is a South Australian not-for-profit organisation that provides essential and critical items for babies, children and teens living in disadvantage in the community. Packing is a big part of what they do and involves checking and beautifully packing donated items (eg. clothing, shoes, linen, toiletries, toys and books) to be presented as a gift. A small group attended the warehouse for the first time on 23rd June and we hope to continue this monthly.

- **End Trachoma Kits** was a joint project with the Rotary Club of Regency Park. Trachoma is a leading infectious cause of irreversible blindness and still prevalent in Central Australia. Through education and good face hygiene it can however be prevented. We sent off 70 kits to students at Tennant Creek Highschool. More recently we contributed more toothbrushes and toothpaste, kindly donated by Margie from the Dental Clinic, for family packs for teachers at the school.

- **Nurture Kits** was a project we did with support of Jo Fiedler from the Rotary Club of Adelaide. We collected the luxury items, packed them and then distributed our 50 kits to Hampstead Rehabilitation Centre to say thank you to the staff for all their hard work during the Covid peak.

Kirsti Kankkunen, Director Community Services

INTERNATIONAL SERVICE

Future Project possibilities in East Timor

This year our committee sought to progress the club's participation in Timor Leste projects. Kirsti's mother, Karen Kankkunen is DG Partner of District 9560 and along with other District 9560 clubs, she invited our club to participate in her DG Partner Project, a water and sanitation project at Manatuto school east of Dili. This project was initiated by the Rotaractors of Manatuto and is supported by the D9560 Rotary Club of Dili Lafaeké.

After zoomed discussion with Karen and D9560 AG Ray Faunteroy about project merits in July 2021, our committee agreed to donate \$2,000 towards the installation of water tanks at Mantuto school as a first step to more project involvement.

Further involvement in the project awaited Karen's

March meetings in Timor Leste about viable project possibilities. She later put us in touch with Mr Janio Tilman, a Rotarian at the Dili Lafaeké Club. He's creating and supporting an English language immersion school for students from the mountains and is seeking English language teaching text books for the library there, so we're now finding ways to ship books at reasonable cost (my South Australian College can supply at no cost). DIK Melbourne has sent containers to Timor Leste, so this is a possibility.

We've yet to determine a Timor Leste project that might involve participation of our broader club members. Due to Covid travel and activity restrictions in Timor Leste, just \$2,000 of our 2021/2022 International Services budget has been expended so far. This donation towards the water project at the Mantuto school will be carried over into the next Rotary Year.

Angus Tuck, Director International Services

VOCATIONAL AND YOUTH

Our Club continued to support Rotary's youth programs during this year. Unfortunately, a number of programs had to be delayed or cancelled due to the extensive bushfires and the COVID-19 emergency.

RYLA (Rotary Youth Leadership Award) is a transformational leadership program over a week for young adults aged 18-27. It is run by the local District and includes inspirational community speakers together with engaging activities and challenges. It is done in a supportive environment that enables their leadership to grow and develop to its full potential. The April 2022 program was cancelled due to COVID-19 but we plan to sponsor at least one student for the next September 2022 program.

RYPEN (Rotary Youth Program of Enrichment) is a weekend residential experience for youths aged 14-16 developing skills to assist them in the transition to adulthood. Participants experience a variety of workshops and activities, for an opportunity to personally develop, gain self-confidence, communication skills, challenge themselves, build friendships, and develop life skills. We may sponsor at least one RYPEN candidate in September '22.

NYSF (National Youth Science Forum) is usually a 12-day residential program giving students broader understanding of diverse study and career options available in STEM (science, technology, engineering and maths) to encourage continued studies in these fields. Due to COVID-19, the program was state-based in January 2022, much of it offered via Zoom. We partially sponsored Georgia Mason, from Nazareth College for this program.

Vocational Visits: These normally form part of our program, but COVID-19 has led to the cancellation or postponement of these activities.

Richard Jarrett, Director Vocational and Youth Services

MEMBERSHIP

We're encouraged that our club membership has kept growing since many other clubs are finding this difficult. Unfortunately, Raagini decided she couldn't continue her membership; also Andries van der Merwe and Christine de Goode. However Stuart Marshall, Elaine

Reade, Paul Jupp, Alison Carter and Paige Honor have joined us in the past 12 months. Brian Harvey is also restarting his Rotary life and another person will almost certainly become a member in the new Rotary Year.

Currently, we have 28 members which very positively includes 13 female members, plus 4 honorary members. I expect to have 30 members in July.

Rob McLennan, Director

TREASURER'S REPORT

Our Financial Statement to 21st June 2022 is appended to this annual report. The Club has again ended the year on a solid financial footing with total funds of \$19,813.96 on hand.

Club Administration incurred a small deficit of \$656.48 which in light of rising costs was a good result for the year, however to achieve break even result for next year annual subscriptions will need to be increased.

Funds carried forward from the previous year and an excellent result from fundraising activities created a net result of \$21,791.22 raised from various activities. The Club donated a total of \$12,049.31 to various charities for the year while still retain a healthy balance for the incoming Rotary year.

Bruce McDonald - Treasurer 2021/2022

ROTARY FOUNDATION

Our Club is well regarded by the Foundation. Our usual gifts of \$2,500 were made to the Foundation this year for the benefit of End Polio and Rotary Health. Thanks also to members who contributed through the Centurion Club and via one-off donations. There are now only 5 Centurions in our Club after the deaths of two members in 2021. I encourage more Club members to become Centurions.

In 2022-23 it is likely there will be continued emphasis on programs for the benefit of Ukrainian people who have been displaced.

Fred Field, Director Club Administration

CLUB SERVICE ... AND STATISTICS

Our Club has a presence across several platforms. Our webmaster, Richard Jarrett maintains our formal club website on ClubRunner to maintain email contact with our members and friends. John Wotherspoon maintains our more outward-looking website at rotaryadelaidelight.org. Several others (Katey H. Kirsti K, Paige H, Julie C.) post regularly to our Facebook page.

Club meeting attendance from 1st June to 31st May 2021 fluctuated from 10 to 21 members, averaging 13.3 per meeting. Club membership increased from 26 to 28 during the year. Covid-safe restrictions affected our meeting attendance but despite this, 22 meetings were held during the year.

Meetings were zoomed where practicable for members unable to attend in person. Zoomed attendance is not included in the statistics.

The largest gathering of Club members, Rotaractors and family or friends (46 people in all) was on a day trip on 'Steam Ranger' from Mt Barker to Stathalbyn and return in July 2021.

Seven members attended a joint meeting with the Rotary Club of Adelaide Parks in March at which the District Governor made an official visit.

Barbecues: Our Club ran ten barbecues and participated in seven joint barbecues with either RC of Norwood or RC of Adelaide Parks at Bunnings Mile End between June 2021 and May 2022. Total hours worked were 480.

Bread Run was able to function on 50 Sundays. Total hours worked were 50.

Walk-a-Mile: Four walkers for 1 hour. Total: 4 hours.

Catherine House: Two garden working bees for a total of 30 hours.

Christmas Tree Sales: This year trees were sold over 3 weekends at just one venue, Bunnings Kent Town. Total hours worked: 108.

Tree Planting in the the north-west and north- east parklands took place on two days, in July 2021 and in May 2022. Total hours : 42.

Fred's Van: has become a regular activity. A total of 130 hours were worked between August and May.

April's District Conference in the Barossa was attended by seven members.

Fred Field, Director Club Administration

OTHER ROTARY ACTIVITIES

Rotaract - Katey Halliday

Club member, Katey Halliday is also an active member of Adelaide City Rotaract Club. Her main Rotaract involvement is to Chair their [Reconciliation Action Plan \(RAP\) Working Group](#). Katey has written articles about that work including for [Rotary Down Under](#) and the [Rotary](#)

[Voices blog](#).

The Rotaract Club have been active in their community work as usual, and we have shared a number of projects together with them this year including the Share the Dignity vending machine, the Quiz Night, and packing hygiene kits for End Trachoma. They also invited us to join them on a Kurna Cultural Walking tour around

Adelaide during National Reconciliation Week, which a number of our members enjoyed.

Diversity, Equity and Inclusion (DEI) within Rotary

Katey still serves on Rotary International's inaugural [Diversity, Equity and Inclusion \(DEI\) Task Force](#) alongside other DEI experts from across the globe. It was tasked with bringing life to Rotary's commitment to become an

organisation that values the principals of DEI and has achieved a lot since forming in September 2020. Katey's role has been to contribute to and provide advice on Rotary's DEI strategies and initiatives including the [DEI Code of Conduct](#) and [other resources](#).

Australian Rotary Health - John Campbell

- Australian Rotary Health (ARH) is a great Australian Rotary charity, fully endorsed by Rotary International, with an enviable track record.
- As Australia's largest and longest serving Rotary program and through its research, ARH has saved countless thousands of lives. You can feel confident in our researchers and in the management of our research and indigenous scholar programs. Thanks to our many volunteers and with interest earned from our investments, we can give 100% of our donations to our research programs.
- Our Statement reads **'Supporting healthier minds, bodies and communities through research, awareness and education.'** Our mission is to create better health for all Australians through improved education and advancements in knowledge through medical research. We support excellence in research in an effort to provide both preventative and curative solutions for a broad range of health conditions.

The over-riding key is research. As well as research, Australian Rotary Health also provides funds to support Indigenous medical students pursue their studies.

Australian Rotary Health began in 1981 when Ian Scott from the Rotary Club of Mornington, Victoria was so moved by the rate of infant deaths in Australia (500 from unknown cause) that he proposed the establishment of a Charitable Fund to raise a minimum of \$2mil for research into COT deaths.

This led to Professor Terry Dwyer who was one of the first researchers to be funded by Australian Rotary Health in 1986 to research this topic which led to a change in babies sleeping positions. As a result of his research and all the evidence, public health authorities in a number of countries, particularly the UK, Australia and New Zealand, decided they would mount campaigns to reduce prone sleeping position. The incidence of **SIDS fell dramatically by about 40% in the first year of the campaign and by 80% at the end of the 1990s**, when the number of cot deaths in Australia had fallen from 500 per year to just over 100. An incredible result for the start up research!

After my District Governor year, I joined the SA Australian Rotary Health Committee, then chaired the committee between 2018-2020. Subsequently I was appointed to the Board of Australian Rotary Health as a Director. I have attended 4 Board Meetings and I am pleased to report the high level of commitment, integrity and transparency in which ARH works.

The role of the District Australian Chair is to encourage Clubs to financially support Australian Rotary Health.

To help Clubs with fundraising during the lean years of Covid 19, our Committee introduced a Wine Offer in 2020. \$2,850 was raised in the first year, and \$4,395 in 2021. Our Wine Merchant donates \$30 per dozen of wine sales to ARH and in turn ARH gave recognition by crediting those Clubs that supported the program, their share of that donation based on their Clubs' orders. This was done to engage Clubs with the ARH Fundraiser. The Rotary Club of Adelaide Light's share was \$915 which forms a solid portion of this Club's \$2,125 support of Australian Rotary Health this year.

As Rotarians, we continue to fund researchers into the future. Many of their podcasts explaining that research can be found at [Podcasts - Australian Rotary Health](#)

Australian Rotary Health's primary focus:

- since 2000 has been Mental Illness Research *and*;
- since 2012 the focus has been narrowed to the Mental Health of Young Australians *and*;
- in 2022 that focus further narrowed to improve the mental health of Australian children up to age 12.

Why?

Of the approximately 300,000 children born each year, studies show about 14% will have some form of mental disorder between age 4 - 17.

That's 42,000 every year... **but** it gets worse.

Studies show the loss of healthy years of life of these people is a staggering 30% whereas Respiratory disorders account for only 12-14%.

No matter what figures you look at regarding the extent of mental illness in our community, it is far too high and shows just how our research is needed. That's why I am drawn to Australian Rotary Health and I trust you will continue to support this great Australian Rotary Charity.

On behalf of Australian Rotary Health, I thank our Rotary Club of Adelaide Light for its ongoing support of Australian Rotary Health.

Past District Governor, John Campbell
Director Australian Rotary Health
