# PRESIDENT'S REPORT

Our Club continues slowly growing against the general service club trend. Apart from our casual meeting style, numerous social and service activities provide regular chances for members and friends to interact while making a difference here and abroad. Our flexible approach to attendance focuses on quality of interaction and is perhaps part of our member success. Many also remark 'what a happy club we are'.

We've now an excellent group of movers and shakers ensuring our momentum. Community service is strong and pandemic aside, Youth and International service activity is picking up - see the service sections herein. Occasional member surveys and consultation keep us on track to meet most of their needs... that door is always open with change that never stops.

Our fundraising recovered strongly on improved BBQ pricing and diverse fundraising events - particular thanks to Rob, Di and their many volunteers. With Board oversight and careful stewardship of Service Directors, Kirsti/ Paige, Paul J and Alison, we're prudently spending fund raised.

With opportunities for the whole club to mingle and build relationships, we trialled Breakfast chats at South Tce Croquet Club when 'bumped' from the Terrace Hotel - they've been excellent for sharing and bonding. This year we fully transitioned from a breakfast Club to flexible 50/50 breakfast/dinner

meetings. Flexibility again, with more chances to interact... meetings, social outings, hands-on or Committees. It's all done with minimal fuss, so please thank those dedicated members who readily fulfil the tasks needed to keep our Club running. Dean diligently supplies our speakers and whether breakfast or dinner, MC Stuart keeps us entranced with his stories and quiz.

In early 2023, the focus of RI President Jennifer Jones on Diversity, Equity and Inclusion resulted in Katey Halliday being invited to train the RI Board of Directors and Trustees in the topic at Orlando, Florida. Well done, Katey.

Thanks also to Kirsti, Katey, Paige, Margie, Fatemeh, Liz, Carol, Maria, Rob and Club friends Chio, Vanessa and CMac. They all helped support and mentor Erfan's family after they fled Afghanistan. As one of our Club's best service contributions, it's a mentoring role we'd like to repeat.

We have hands in many pies and we're also starting to make a difference with our neighbour, Timor Lesté - see Paul Jupp's International report. In all this, Bruce (with some help from Alex) has kept our Treasury safe for years. Richard (with some help from Fred) exercises sound stewardship over all our Club Service activity. Di is our secretarial 'Rock' and we even have a happiness potion and jack-of-all trades in Rob... our Mr Everywhere!

Many thanks for the support of all the Board and Committee members - your energy and wisdom is always there when needed. For any I've omitted to name, be assured you remain highly valued. Now, best wishes to Yvette!

**John Wotherspoon, President 2022/3**

# FUNDRAISING

It was another very successful year of fundraising in meeting our forecasted profit by the end of June. This is all due to the efforts of our member and 'friend' volunteers who make it all happen. A very sincere thank you to them.

Our biggest contributor is the monthly Bunnings BBQ's and two this June (public holiday & Saturday) ensured we comfortably reached our annual budgeted \$12,250.

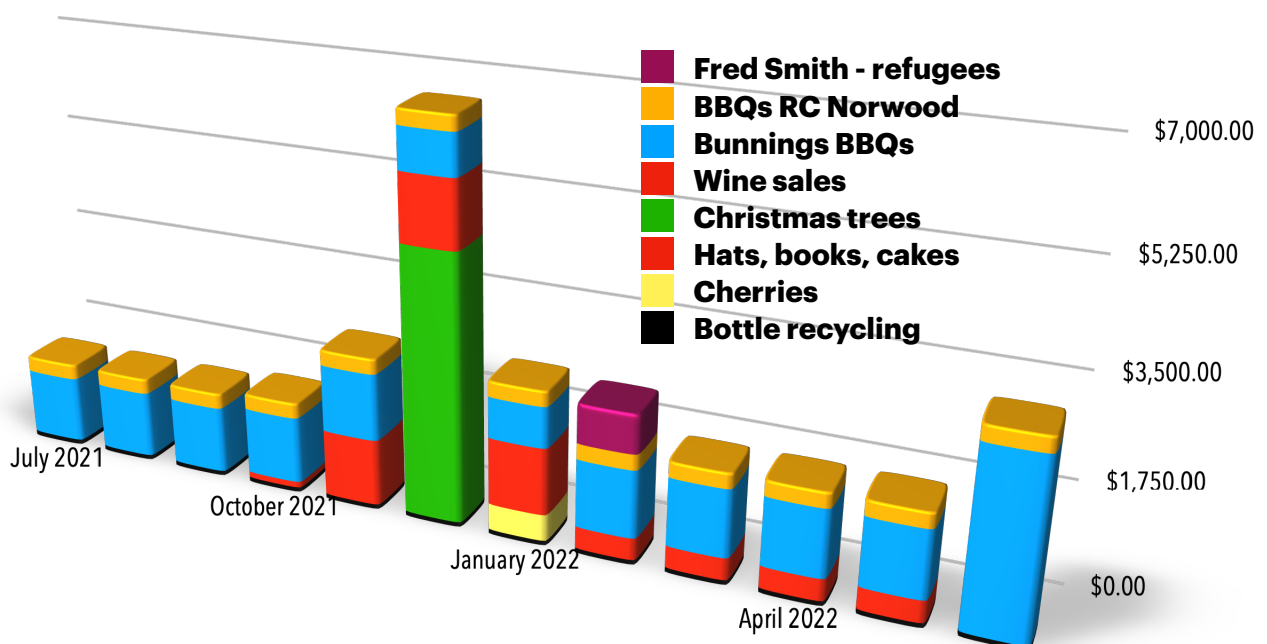

The second biggest contributor is red and white wines sales with \$4,923, closely followed by annual Christmas Tree sales, which generated \$4,569 profit.

With the other activities you can see in the graph below, our club reached its biggest forecasted annual profit of \$29,670, a strong result.

Di Lane and Rob McLennan, Joint Fundraising Directors

## Fundraising revenue by month

## FELLOWSHIP

Initially I thought we'd done much less than last year but our monthly BBQs at Bunnings, Mile End include many club members and friends - an activity that brings great fellowship - each barby needs 12 people over the 3 daily shifts.

We also meet twice a month for our always popular Coffee Conversation, mid morning on Thursday at the White Picket Café in Dulwich.

Every three weeks some members and "Friends of AdLight" assist on Fred's Van Roster which again offers great fellowship on a Wednesday evening. (see Community Services)

There was a bush walk held in October and on Sunday 6 November 2022 a group of us met for a pizza lunch on a beautiful day at Uraidla's 'Lost in the Forest'. Before lunch, we saw Margie's son's strong man performance, lifting incredibly heavy rocks at the annual Uraidla Show across the road.

A few of us enjoyed Adelaide Rotary Club's 'Not the Test Match Dinner' on Wednesday 7 December at the National Wine Centre.

Just two nights later on Friday 9 December, our annual club Christmas function was at the picturesque South Terrace Croquet Club. This included the 'Auld Teapot' Challenge with Adelaide Light managing to wrest back the 'Auld Teapot' from Adelaide City Rotaract Club. Luckily the weather was much warmer than last year, which made a delightful evening.

The annual Area 12 Rotary dinner at the Cathedral Hotel on Wednesday 29 March 2023 drew half a dozen of our members with yours truly as EmCee.

Katey Halliday and I attended RI's International Conference in Melbourne over the last weekend in May 2023, where Katey presented excellent sessions on Reconciliation and DEI.

Finally, some of us visited the District 9510 Expo in Bonython Hall

on Sat. 3 June, instead of an annual District Conference. With PR in mind, I did some Rotary CoastFM radio interviews there too. Yvette and Elaine attended the 100 Years of Rotary in SA Celebration Dinner that evening at the Wine Centre (John was sidelined with a lurgie).

**Rob McLennan - Director, Fellowship**

**Some other social faces:**

## COMMUNITY SERVICE

Cuppa Conversations evolved from the original Chat 2 Belong concept and continued most months with a core group of club members happily giving up a Saturday morning to chat, support and connect with newly arrived migrants, most of whom were Latino. It's such an easy thing for our club to do and makes a difference to those who attend. Many previous attendees are returning and continue to help us as 'Friends of AdLight' - including Lu, Vanessa, Chio, Alvero, also Lili, our newest Club member. We want to attract other migrant groups going forward and as part of this, we'll reach out to other organisations in this area.

Our involvement in Fred's Van continues every third Wednesday night with our team of 13 members and friends making three separate mini teams. We were all very excited when the new shiny van arrived that was so well kitted out. We've had large crowds the past six months, regularly serving up to 70, including some children

lately. There's always a high need for blankets and sleeping bags, so if you have any to donate, please bring them to a meeting. Thanks also to Paige who embraced the Team Leader Role and is a great 2IC when we're together.

We finished our formal Abidi family mentor relationship in December 2022 with an Afghan BBQ hosted by Erfan to thank all those who helped them since their arrival in Australia. But we continue to keep a strong bond with the

family via outings like a trip to the Royal Show; a club picnic next to the Torrens; attending an Afghan fundraiser at Rumi Palace together; via regular English and driving lessons with Manizha across 2023. It has been really wonderful to see her confidence and grasp of English grow.

Other activities the committee has been involved with included:

- Installing a Share the Dignity Vending Machine at Watto Purrunga Aboriginal Primary Health Care Service in Port Adelaide a joint project with the Adelaide City Rotaract Club, supported by District 9510 Grant.
- Treasure Boxes donation drive
- Catherine House weeding working bee and irrigation project
- The Bread Run

It's been a very personally rewarding two years in the Community Service Director role and I'm very proud with everything the committee and the club have achieved in this space. Next year sees Paige take on the role and I'm sure we'll all be in good hands. We already have a number of new projects in the works including supporting a community in the APY Lands and helping address the issue of domestic violence.

**Kirsti Kankkunen, Community Service Director**

# INTERNATIONAL SERVICE

## Projects in Timor Leste

This year our committee progressed the club’s participation in Timor Leste projects. We also began a system of structured scoring and prioritisation of projects to ensure better informed project decisions.

As District 9560 DG Partner, Karen Kankkunen (Kirsti’s mum) invited us to participate in Cova Lima Water Project in Dato Tolu. Cova Lima (pop. 450) is on a mountain ridge 6-7 hour’s drive south of Dili. Its

D9560’s Ray Fauntleroy standing at the clinic entrance with the midwife!

Birthing centre has no water supply and needs a new 3,000 litre water tank via D9560’s Rotary Club of Dili Lafaeke. It will fit on their existing concrete stand, piped into the Birthing Centre. The tank will be made by the Dom Bosco Plant that Rotary previously owned and since donated to the NFP Dom Bosco. Water will be gravity fed

from two 5 kL tanks in the village via an overflow prevention valve to the new tank on the existing stand, next to the clinic (photo). Our Board approved \$3,500AUD which has now been paid to District 9560.

So, our Committee now has on-ground relationships with the Rotary Club of Dilli and Rotary Club of Dili Lafaeke. Several ideas are being scoped out by RC of Dili, including possible facilities for the School of the Blind and supporting training in equipment sterilisation procedures for health clinics.

Tank stand on left of building

Dili Lafaeke Rotary suggests building a multifunctional sports court in the Kakeuren village school at Dato Tolu. Timor Lesté sports facilities are limited and this would boost student and community well-being. We’ll work further on all possibilities in the year ahead.

**Paul Jupp, Director International Services**

## YOUTH AND VOCATIONAL

In the second half of 2022, managing the Club's Youth and Vocational service activity passed from Richard Jarrett to me (Alison Carter). Thank you, Richard for your tenacity during Covid and support in this transition. We were previously limited in RYLA, RYPEN, NYSF, school and vocational options by understandable Covid caution.

As this lifted in early 2023, we welcomed several new Committee members, which now comprises Fatemeh, Stuart, Feisar and Liz and me.

**Adelaide City Rotaract:** I've attended a selection of our Adelaide City Rotaract meetings so far in 2023 to improve mutual connection with activities between both our Clubs. To further develop this, we may roster Rotary Club members interested in youth engagement for shared attendance at Rotaract's twice monthly meetings in the coming year.

**Primary Years Engagement:** Covid risks among staff and students restricted our planned new initiative to create a relationship with Gilles Street Primary School. However, we soon hope to progress with this.

**NYSF:** Our Club with RC Unley, jointly funded \$875 each for Sophia Lewis (Adelaide Botanic HS) to attend NYSF 2023 in January 2023.

**RYLA and RYPEN:** We supported Natalie Teasdale (Loreto College) to attend RYPEN 2022 in September. After liaising with me for our Club's support, unfortunately a tertiary student who'd applied for RYLA 2022 belatedly withdrew her application but a replacement could not be found.

**Vocational Activities:** These were largely suspended during the Covid-19 pandemic. However, in mid May this year we began a six year Indigenous Scholarship through District 9510 to support Anesha Rahman. She's in her first year of Medicine at the University of Adelaide and she'll receive \$5,000 p.a. towards her living costs, shared 50/50 between the SA Government and

our Club. Anesha is next to John W in this photo. John Campbell's Australian Rotary Health section of this report explains more about the scholarship.

**Future Directions:** Our Club meeting on 11 May 2023 brainstormed suggestions from members about priorities for Youth service by our Club.

Some ideas arose to support children and young adults in our community. Key areas were children under 13 years with socio-economic disadvantage, including the "Backpacks For Kids" program and Mental Health First Aid for youth. Thanks to all on our Committee - we'll give these new ideas more attention and blend them into our other activities where possible.

**Alison Carter, Director, Youth and Vocational Services**

**Some new members**

## MEMBERSHIP

Our club continues to defy the general trend in our District by growing our membership - we are very fortunate these new members have chosen our club. Our happy Club has a diverse membership in gender, age and interests. This

year we inducted Fatemeh Zarei from Iran, Erfan Abidi from Afghanistan, Liliam Osorio from Columbia, former Rotarian Carol Ganley and also former Adelaide Light member, Feisar Joya rejoined us. Already these new members have become very involved with Adelaide Light activities. So we now have 33 club members, of these 14 are female (42% - a wonderful result) and we also have five Honorary members.

**Rob McLennan, Director**

## TREASURER'S REPORT

Our Club Financial Statement to 21 June 2023 is appended to this annual report. We end the year again on a solid financial footing, with total funds of \$34,905.12 on hand.

Club Administration results improved due to a buffer in our changed meeting format, leading to an overall \$586.27 surplus. Improving over deficits in recent years, Club Members funds now stand at \$4,072.28

Excellent fundraising activity enabled a net \$30,512.91 result for the year. This sound outcome enabled total Club donations of \$16,229.50 to various charities and community groups for the year, while still retaining a healthy balance for the incoming Rotary year. It's a strong result that now leaves the Club with \$30,832.84 in our Projects/Fundraising account, from which to finance on-going commitments and future projects.

**Bruce McDonald - Treasurer 2022/23**

## **CLUB SERVICE ... AND STATISTICS**

Club Service covers all aspects of club administration and relies on input from several members. Club meetings started the year at the Terrace Hotel on South Terrace on the second and fourth Thursdays for breakfast. Later in what proved an excellent move, the first monthly meeting moved to South Terrace Croquet Club and the second became a dinner meeting at Kent Town Hotel. Across 24 meetings from 1 June 2022 to 31 May 2023, attendance was 9 to 21 members, averaging 13.4.

Our Club maintains an online presence across several platforms. As Club webmaster, I maintain our formal club website on ClubRunner, which keeps member records, photos and stories. This also facilitates email contact with our members and friends and is where Di Lane does her excellent job as Editor of our weekly Newsletters. John W updates our more outward-looking website at [www.rotaryadelaidelight.org](http://www.rotaryadelaidelight.org) while others (usually Katey H. Kirsti K and Paige H) post regularly to our Facebook page.

Club Service also records volunteer hours across the year. With 898 volunteer hours from 1 June 2022 to 31 May 2023, here's the breakdown:

- **Barbecues:** (369 hours) We ran nine BBQs and helped at four joint BBQs with either RC of Norwood or RC of Adelaide Parks at Bunnings Mile End.
- **Bread Run:** (50 hours) We gather and ferry unsold bread from Bakers Delight in North Adelaide to the Adelaide Day Centre (50 Sundays).
- **Catherine House:** (20 hours) Garden working bees.
- **Christmas Tree Sales:** (122 hours) This year over 3 weekends we sold trees just at Bunnings Kent Town.
- **Fred's Van:** (189 hours) This has become a regular activity, with 4 people involved on a Wednesday evening every 3 weeks.
- **Mentoring:** (100 hours) Members spent time with our refugee family, primarily in English language practice.
- **Cuppa Conversation:** (48 hours) This is our conversational practice program for recent arrivals in Australia - we held this on 6 occasions.

**Richard Jarrett, Director Club Administration**

## **ROTARY FOUNDATION**

Our Club continues in good standing with the Foundation.

Gifts totalling \$4,000 were made to the Foundation this year for the benefit of End Polio and Rotary Health. Thanks are also due to members who have contributed through the Centurion Club or by direct payment. There is a slight increase in the number of Centurions within our Club.

It is likely that programs to improve water infrastructure in Timor L' Este will attract grants from the Foundation in 2023-24.

**Fred Field, Director Foundation Liaison**

*(Fred took over from Barry Gear early last financial year. Barry had covered our Club's Foundation needs for several years... many thanks, Barry)*

## OTHER ROTARY ACTIVITIES

### Boosting Rotary's Public Image

Airing the Rotary radio promotion Rob McLennan initiated, our District's Public Image (PI) team now has great relationships with 18 Community Radio stations. Several now offer monthly Rotary spots showcasing Rotary projects. Positive feedback about this audio from Rotarians and others in the

community has other Rotary Districts now picking up the script. People are encouraged to connect with and join Rotary - 30 clubs have inducted a total of 69 new members into their clubs, many advising they heard about Rotary via media. **Excellent initiative and follow through with Coast FM and other community radio stations, Rob!** PI Chair Julie Johnson is well pleased.

*Rob with District PI chair Julie Johnson*

### Rotaract - Katey Halliday

Club member, Katey Halliday is also an active member of Adelaide City Rotaract Club (ACRC), mainly Chairing their [Reconciliation Action Plan](#) (RAP) Working Group. Katey recently represented ACRC at the Rotary International Convention, leading a breakout session on the topic of 'Rotary and Indigenous Reconciliation in Australia'. The session was moderated by RI Director Jessie Harman, and included panel members Di Borella and James Smith from the Darwin Sunrise Rotary Club, and Peter Morris, General Manager of the RAP program from Reconciliation Australia (see photo). The session focused on Rotary's role as community leaders, in supporting reconciliation efforts in Australia and across the globe. Peter announced Reconciliation Australia will be developing a new RAP template specifically for volunteer organisations, which they would like to pilot with

Rotary clubs across Australia. Katey will be supporting this work in the 2023/2024 Rotary year.

**Diversity, Equity and Inclusion (DEI) within Rotary**

Since September 2020, Katey has served on Rotary International’s inaugural [Diversity, Equity and Inclusion \(DEI\) Task Force](#) alongside other DEI experts from across the globe. It was tasked with bringing life to Rotary’s commitment to become an organisation that values the principles of DEI and has [achieved a lot](#) since formation. Recently, the RI board decided the taskforce should be more permanent and will transition it to a DEI Advisory Council, ensuring this important work continues. Katey's term of service in this group ends on 30

June 2023 but a highlight for her was being invited in January 2023 to provide DEI training to the RI Board of Directors and Trustees in Orlando, Florida, USA, meeting RI President Jennifer Jones among others in the process.

**Katey Halliday (she/her)      Kurna Land**

- Adelaide City Rotaract Club and
- Adelaide Light Rotary Club

- Rotary International Diversity, Equity and Inclusion Taskforce

## **Australian Rotary Health - John Campbell**

- Australian Rotary Health is Australia's largest and longest serving Rotary program, a fully endorsed Rotary charity with an enviable record, which has **saved countless thousands of lives through its research.**
- with interest earned from our investments and thanks to our many volunteers, we **give 100% of our donations to our research programs.**
- our Statement reads 'Supporting healthier minds, bodies and communities through research, awareness and education.' Our mission is to create better health for all Australians through improved education and advancements in knowledge through medical research.
- supports excellence in research in an effort to provide both preventative and curative solutions for a broad range of health conditions.

**Australian Rotary Health began in 1981**, with about 40% reduction in Sudden Infant Deaths Syndrome (SIDS) in its first year of campaign.

This is my third year as a Director on the ARH Board - During 2022/23, I attended four Board Meetings and I am pleased to report the high level of commitment, integrity and transparency in which ARH works. In August 2023, I will be pleased to host the ARH Board Meeting in Adelaide.

I am also on the ARH Lift the Lid Walks national committee, which raises funds and awareness through Clubs about Mental Illness in our community. Successes in South Australia under this umbrella are the two very successful District 9510 Walks and a 70 km trek along parts of the Heysen Trail, supported by many Rotary Clubs along the way. Participating in one of these walks or organising our own walk is something our Club could undertake.

The role of the District Australian Chair is to encourage Clubs to financially support Australian Rotary Health. To help Clubs with fundraising during the lean years of Covid 19, our Committee introduced a Wine Offer in 2020.

Our Wine Merchant donates \$30 per dozen of wine sales to engage Clubs with the ARH Fundraiser, ARH gave recognition in the form of crediting those Clubs that supported the program, their share of that donation based on their Clubs' orders. The Rotary Club of Adelaide Light's share of this donation was \$1332 which forms a solid portion of this Club's \$2762 support of Australian Rotary Health as of 30 April 2023.

### **Mental Health Research - change in research focus**

In August 2022, ARH hosted our [Symposium 'HEALTHY CHILDREN - BRIGHT FUTURES'](#), where we launched nationally the new Australian Rotary Health program that will support research designed to improve the mental health of Australian children (0-12 years).

Twenty-four professionals participated in this Symposium; all focused on the well-being of young children. There was shared emphasis on non-indigenous and indigenous issues.

Why the change in emphasis?

For starters, regarding Attention Deficit and Hyperactivity Disorder, we heard of the effects of falling behind in reading and writing at school being long term.

- By Year 3 the child is 9 months behind in writing and 1 year behind in reading
- By year 9, the child is 4.5 years behind in writing and 2.5 years behind in reading

This set the tone for presentations and discussions of the Symposium with early intervention being a key message for the treatment of children in conjunction with the need for coaching programs including on-line platforms for parents to help them interact with their children whilst also providing easy communication for them to seek help.

## **Indigenous Health Scholarships**

These started in South Australia in 2002 by RC Mitcham Rotarian PP Geoff Bailey. Through Indigenous Health Scholarships, Australian Rotary Health supports the next generation of Indigenous health care providers to achieve an education that will help them assist their communities. Each student enrolled in the program is provided with a \$5,000 scholarship. The Indigenous Health Scholarship program is a collaborative project between Australian Rotary Health, participating Rotary Clubs, and the SA Government in our case.

I am pleased our Club has undertaken to sponsor a scholar - Anesha Rahman who is studying Medicine. It was a privilege to meet Anesha at the SA Health and Rotary partnership program function to acknowledge the 2022 graduates and welcome the 2023 new recipients in early May.

No matter what figures you look at regarding mental illness in our community and the need for indigenous clinicians, the figures are far too high and it shows just how necessary the ARH programs are. That's why I am drawn to Australian Rotary Health and I trust you will continue to support this great Australian Rotary Charity.

The Rotary Club of Adelaide Light is now becoming a significant supporter of Australian Rotary Health.

On behalf of Australian Rotary Health, I thank our Rotary Club of Adelaide Light for its ongoing support.

**Past District Governor John Campbell,  
Director Australian Rotary Health**
