President's Report:

President Bill Rubiano introduced our speaker for the night Dr. Ben Labrot who gave us a thorough presentation about his foundation Floating Doctors, which is a remote medical team that is currently working with indigenous people in Panama. Dr. Labrot will be sending us more information on how our club can support his foundation or on how we can serve as volunteers.

President Rubiano also introduced our new board members who gave a short presentation about their goals for the upcoming year.

Ideas on how to raise funds during the current crisis were discussed; some of these include getting donations from local companies, virtual wine and paint, and a live streaming concert with a DJ. Guest club members will be forwarding us some ideas on how to fundraise during COVID 19.

Treasurer's Report:

Our treasurer Rosacruz Falla proposed that each club member contributes eight dollars monthly to the Rotary foundation.

Guest members:

Arturo Velasquez, Jonathan Keisner, David Greenberg, Jonathan Harmon, Henry Mogollon
