It was reported that the Visioning date that had the best time for member was November 1st. Tom reported that we are just waiting for a team to be put together.

A discussion was held on the purchase of binoculars for a school project. There is a possibility of a Community Grant. We will ask the teacher to come and speak to us about this so we have a better understanding about the project.

Peggy suggested we do a BBQ in October. Further discussion will be held on the date.

The Trumansburg Village Historian asked us to have a BBQ and give the proceeds for a plaque to honor Robert Moog who invented the Moog synthesizer. More discussion will be coming.
