

**Natasha R. Thompson**

**Food Bank of the Southern Tier**

Dear Friend, *Vestal Rotary Foundation INC.,*

Happy holidays from all of us here at the Food Bank of the Southern Tier. I want you to know that the hungry, hard-working neighbors you've helped here in Broome, Chemung, Schuyler, Steuben, Tioga, and Tompkins counties are truly grateful for every meal you've provided. Thank you.

I'm sure you're aware that the holidays always present an enormous challenge for those in need.

In the coming weeks we'll distribute enough nutritious food to our more than 150 partner agencies—so they can help thousands of hungry families, children and seniors have food to put meals on their table throughout the holidays.

That's why I am writing you today. You understand how important it is to reach out to those in need across our community, as the weather gets colder and going without gets harder.

You are one of our most loyal friends, someone I can count on to make a significant tax-deductible gift before the end of 2015.

---

You've already proven how much you care for the hungry in our community through your past generosity and support. Please help now to get our hungry neighbors through this challenging holiday season with your year-end gift today.

Thank you for all that you do.

Warmest wishes,

*Natasha*
