

# News Both Fit and Unfit!

## Guest Speaker:

Andrea Kimball from UBS Wealth Management was at the meeting to talk about the stock market along with some timely issues. Andrea talked about three big topics clients are interested in regarding Trump policies and the “Trump Bump”, are corporate taxes, roll back of regulations, and money into infrastructure. She also talked about the Fed wanting to raise rates one more time this year and three times next year. She recommends locking in any variable rate loans you may have. Andrea also mentioned we should keep an eye on long term and short term rates, and if they come together, that might be a signal for upcoming stress in the market.

## Guests:

Andrea Kimball (Speaker), Monica Budnikas, and Ayako Saga Yama, who is a former exchange student.
