

News Both Fit and Unfit!

Guest Speaker:

Club Assembly/Board Meeting-

All is well!

Guests:

Laura Mohr

Bob Granger

Fine Master:

\$60 collected today. So many offenders and contributors: Here are a few examples Those who have not met Val paid, Cell phone went off during prayer – wonder who was calling??, Mark went to an SU game, George enjoyed Blues on the Bridge and a dedication to 9/11. Matt raced to Watkins Glen, Kevin on his third anniversary, Peter happy Cowboys lost and Giants won. Siobhan a little happy because she went to a football game that her team lost. – can't remember if it was Bills or Jets – that's ok, they both should lose every week anyway. Aaron was happy, just happy – something to do with football

- Peony.** The tree peony is distinguished most noticeably from a herbaceous peony by the fact that it retains a viable above-ground woody stem that remains after the flowers and branches have shriveled and dropped off the plant in preparation for winter: it is actually a medium-sized shrub. This woody stem should not be cut back in fall and should be pruned only if its shape is to be modified. The flower buds are much larger and flatter than those on the herbaceous peony, and are the same color as the leaves. They do not secrete honey on the bud tip. They bloom in late spring and early summer and make an excellent cutflower.
