CREATE
LASTING
IMPACT

1 September 2026

Rotary is a global network of more than 1.2 million neighbors, friends, leaders, and problem-solvers who envision a world where people unite and take action to create lasting change — across the globe, in our communities, and in ourselves.

Today's speaker is James Snow... With over 5 million registrations in communities across the country, i9 Sports® is the nation's largest multi-sport provider focused solely on high-quality, community-based youth sports programs. i9 Sports offers youth sports leagues, camps and clinics for kids ages 3 and up in today's most popular sports such as flag football, soccer, basketball, baseball, volleyball, lacrosse, and tennis. To achieve their mission of helping kids succeed in life through sports, i9 Sports provides a youth sports experience unlike any other, teaching the importance of good sportsmanship on the field and in life. They are committed to providing age-appropriate instruction, making sports fun for kids, and convenient for today's busy families. To them, it's The Way Youth Sports Should Be.®

September is Basic Education & Literacy Month - one of Rotary's seven Areas of Focus and one that has the power to transform lives and strengthen entire communities. The ability to read and write is fundamental to success. Literacy gives individuals the tools to learn, communicate, pursue employment, build businesses, make informed decisions, and create better opportunities for themselves and their families. Improving access to quality education and literacy can also help reduce poverty, improve health outcomes, strengthen local economies, and promote peace. Rotary clubs can make a meaningful difference in many ways—from supporting adult literacy programs and helping students stay in school to providing books, tutoring, mentoring, classroom supplies, scholarships, and other resources to local schools and educators. As Rotarians, we have an opportunity to ask: How can our club help strengthen education and literacy in our own community? Whether the project is large or small, investing in education is an investment in the future. How can our club put Service Above Self into action by opening doors to learning, opportunity, and a brighter future through basic education and literacy?
