Camp Enterprise was a great opportunity to learn about teamwork and leadership in its different forms. I'm so excited to use what I've learned in my work as in other clubs. I made some amazing friends and memories and would recommend it to everyone.

Camp Enterprise is not at all what I expected, it was better! Yes, I was very confused at first, but it turned out to be so great! I'm so glad I had the chance to experience camp this year and I hope the word spreads more and more people get the chance to share this amazing experience.

This camp has taught me how to successfully work  
on a team. I've learned the importance of  
communication and trust leading to success, along with  
having a great time and bonding with team members.  
The camp has helped make friends and learn useful lessons  
about business practices. I'll be honest, I had no idea  
what I was getting myself into, but it was a great experience.

Camp Enterprise has been a phenomenal experience and was  
one of the best camps I have ever signed up for.  
Throughout the entirety of the camp, I was able to  
meet more people who had similar/same interests as me, yet  
the diversity is what I loved the most. Hearing so many  
different stories about the lives of my friends really  
inspired me to become more extroverted + make a bigger  
impact on my school. Thank you Camp Enterprise for providing  
me one of the greatest opportunities in my lifetime.
