What Tomorrow Brings is a life-changing film that follows one year in the life of the first all-girls school in a conservative, remote Afghan village. While the girls learn to read and write, their education goes far beyond the classroom. They discover that their school is the one place they can turn to understand the differences between the lives they were born into and the lives they dream of leading. It's a story of hope and empowerment that leaves viewers profoundly moved and inspired.
