It opened there on April 4th, for the Easter season, and was shown to an audience of over a million people.

THE OUTING WAS FUN - Our thanks to those who contributed to making our annual outing a huge success. To Dick and Mary Kilroy for the use of their cottage and chauffering the water-skiers around the lake, to Tom Walter and Bob Lamy for procuring and cooking the delicious barbecue, to Ted Wainwright for the airplane rides over the lake, to everyone who attended for filling a showery day with friendly sunshine.

MEMBERSHIP EXPLAINED - The basis of membership in Rotary is classification. The joy of membership is fellowship. The obligation of membership is service. The life of membership is attendance. The privilege of membership is yours.

- Rotary Club of Goodland, Kansas.

ROTARIAN FOR AUGUST - If you can do without formal clothes, organized games, and head-to-toe service, but demand freedom and a chance to relax, there's a world of travel pleasure awaiting you aboard the sleek, passenger-carrying cargo ships of many nations, according to Robert Rigby, who writes "Freighters for Fun". A kind of happy virus, "Freighter Fever" is spreading rapidly among leisure-minded travelers everywhere, the author notes. They want comfortable accommodations, good food, and a tension-free atmosphere, and get it at about one-half of the regular passenger fares. Appealing? Be sure to read the entire article. But be forewarned; it's enticing!

A member of the Rotary Club of Quebec since 1947, he is a past president of that club. Gaston, his charming wife Francoise, and their family reside at 1297 Villars Street, Quebec City. Gaston has spent the past seven weeks visiting Rotary Clubs throughout Maine and this is his final visitation. Let's all turn out and give this energetic and dedicated Rotarian a real welcome.

LAST WEEK'S PROGRAM - Chuck Eames, a fellow Rotarian from Westbrook gave an excellent talk on the work of the S. D. Warren Laboratory. The emphasis in the field of research can be measured by the \$20 Billion dollars spent on research in the United States annually compared to the \$2 Billion dollars retail value of goods produced in the State of Maine. Chuck showed slides of the new Laboratory built in 1961 and employing 130 people in this one department. Other slides showed new processes developed by the Warren Co. in paper uses. The S. D. Warren Co. has the lowest odor level of any mill in the world and they are working to improve it still further.

ABSENTEES - Bruce Bailey, Bud Barrett, Henry Berke, Jack Boland, Nat Clifford, Al DiMatteo, Dan Gacetta, Ralph Green, Art Keniston, Bill Kilroy, Dick Kilroy, Bob Lamy, John Minott, John Nadeau, Lloyd Pike, Blaine Raymond, Al Rowe, Mark Stimson, Ron Tripp, Tom Walter and Dick Yerxa.

VISITING ROTARIANS - Alex Cote, Dana Jordan, Jim Fagley, Joe Shaw, John Vose, and Dick Hayden, Portland. Stu Herrick, Walt Graves, Scarborough. Ros Moore, Exeter, N. H. Dick Klimoff, New Britain, Connecticut. Walter Story, Portland. Sam Tosenault, New Boston, Michigan, and Clyde Fussell, Barre, Vermont.

GOODWILL AMBASSADORS - At Scarborough: Ralph Kilgore, Jack Boland, Ted Wainwright and Murray Smart.

VITAL STATISTICS - On June 24 there were 11,550 Rotary Clubs and an estimated 540,000 Rotarians in 129 lands. New Clubs since July 1, 1963, totalled 257.

THOUGHT FOR TODAY - Your committee assignment is your big chance to make Rotary come alive for you and you will enjoy working together as much as eating together.

NOON MEETING

August 28, 1963

(Note: Evening meetings at 6:15 will resume Sept. 4th)

PROGRAM - Gregory Harrison, Administrative Manager of Fairchild Corp., So. Portland will show a film and tell us about their new plant at So. Portland.

LAST WEEK'S PROGRAM - Our District Governor, Gaston Saucier met with the Directors and heard reports from all committees. Gaston had a lot of tips to help improve our efforts and I am sure this coming season you will see a lot of innovations. A most enjoyable evening followed, the highlight being the address by the District Governor. Gaston stressed the wonderful opportunity we in this district have in setting an example of international goodwill by having our district combined with the United States and Canada. For the coming year our district is matched with District 167 in France for an exchange of international understanding. Another avenue for service is INTERACT clubs which promote public speaking for young men.

ATTENDANCE CONTEST - We will resume our contest with Scarboro club for the months of September, October and November. Scarboro is really bragging that they will keep the plaque again this year. Let's get out and bring that plaque back to the mantel at Howard Johnsons.

GOODWILL AMBASSADORS - (at far away places only):

At Bangor, Bill Kilroy. At Lincoln, Bruce Bailey. At Ellsworth, Dick Yerxa. At Wolfeboro, N. H., Ralph Green.

UNFILLED CLASSIFICATIONS: The Classification Committee reports that we have available open classifications in Religion and Boat Distributing or Repairing.

ROTARY INFORMATION - Because of requests the following is a step by step procedure for proposal of a new member. These steps are followed to the letter and in exact order.

1. Yellow proposal card is obtained from the Secretary, filled out and returned to him.
2. Board of Directors gives initial approval or rejection and card is sent to the Classification Committee to determine if his classification is correct or whether or not it conflicts with any other member's classification.
3. It then goes to the Membership Committee which checks into Proposed's character, standing in his profession, community, etc.
4. The Board once again receives the card for final approval.
5. During this time the Classification has been published in the Club Bulletin to give other members the opportunity to propose others for this same classification.
6. After the Board's final approval, and only then is the proposed contacted by his proposer, and a member of the Rotary Information Committee, to be advised of his acceptance into the Club. His duties, obligations, and benefits of the Club are all explained to him at this time.
7. Under no circumstances should a potential member be spoken to about joining the Club until all of these steps have been followed. There is a good logical reasoning behind this policy, as I am sure you will all agree. If there are any questions, the Secretary will be glad to clarify them.

QUOTE FROM OUR DISTRICT GOVERNOR "Don't deprive your Club of the pleasure of your presence."

PROGRAM- A Rotary film on International Service entitled "The Great Adventure" will be shown.

LAST WEEK'S PROGRAM - Gregory Harrison of the Fairchild Corp. gave a very interesting talk on the production and assembly of transistors. Starting a little over a year ago with 10 employees they now are operating two shifts with 300 people at the South Portland plant. The tiny resistors are more reliable than conventional tubes and are being widely used in industry. We welcome this opportunity to become better acquainted with our new neighbors in South Portland.

Such additional active member is in all respects an active member except that his membership automatically terminates with the termination of the active membership of the proposer, or in the event the proposer becomes a senior active member. We currently have two additional active members in the club. How about someone who works in your company who would qualify?
