PREVIEWING THE ROTARIAN FOR OCTOBER - Drive and Stay Alive -

Did you know it is three times safer to drive today than it was 25 years ago? That four out of five drivers drive 10,000 miles a year without a mishap? That you can prevent many accidents by planning in advance how you will meet common traffic emergencies?

"The only way to drive and stay alive is to drive defensively, legally, and take advantage of the percentage afforded by the averages...If you drive defensively, you drive to survive. That's what they teach the truck drivers, and they're the safest drivers of all." - from "How to Drive and Stay Alive" in The Rotarian for October.

PROGRAM - Rocco Maffei of the Lederle Laboratories will show a film and speak on "The Last Case of Polio".

LAST WEEK'S PROGRAM - Phil Stultz, Past District Governor and a member of the Westbrook Rotary Club gave a fine talk on the organization of Rotary International and the District. He was introduced by Ray Frost, Chairman of the Rotary Information Committee. It was a pleasure to have a man who is so obviously dedicated to the ideals of Rotary speak to us.

SKOVHEGAN INSTITUTE - Warren gave a complete resume of the activities of the day. Those attending from South Portland were Ray Frost, Ralph Green, Ron Hall, and Warren Stimpson. The total attendance was 90 and everyone considered it a very worthwhile meeting.

ABSENTEES - Jack Boland, Keith Dennison, Al DiMatteo, Ralph Green, Ralph Kilgore, Dick Kilroy, Bill Kilroy, Blaine Raymond, Mark Stimson, Dick Yerxa.

GOODWILL AMBASSADORS - At Lincoln - Bruce Bailey, At Old Town - Walker Pierce, At Scarborough - Frost, Pike, Green, Minott, Boland, Wainwright, Bill Kilroy, Barrett, Raymond, Walter, At Westbrook - Inness, Smart, Bill Kilroy and Stimson, At Portland - Smart, Roerden and Keniston.

CLYDE ESTY, President of the Westbrook Rotary Club was our guest at last weeks meeting. This is part of the Attendance Committee's program of inviting Presidents of other Clubs to our meeting.

RUBINOFF AND HIS VIOLIN - sponsored by the Biddeford-Saco Club on Wednesday, October 23rd. Tickets are \$2.00 and may be obtained from Warren. Makeup cards may be obtained at the door. Here is a chance to take your Rotaryann to a Rotary sponsored concert.

THANKS TO John Nadeau for writing the Bulletin last week, and chasing around to locate it. You know the saying "Neither storm or snow or hail or rain will stop the mail from going through". Evidently, the South Portland Rotary Bulletin is just too much, or mightier than the elements.

ROTARY INFORMATION - Must each member have his place of business located within the territorial limits of the club? Yes. Each active member must not only be personally and actively engaged, within the territorial limits of the club, in the business or profession in which he is classified in the club, but he must also have his place of business located within the territorial limits of the club. Is membership in a Rotary club personal? Or, is it the membership of the firm, company or institution with which the member is connected? Membership in a Rotary club is considered to be the personal membership of the individual and not the membership of the firm, company, or institution which the individual represents.

IN THE ROTARIAN FOR OCTOBER, read "Babes of the Woods and Fields", by Archibald Rutledge. A distinguished naturalist shares some observations on wild animals and how they survive their first precarious days.

PROGRAM - Mr. Robert Jordan, C.P.A. of the firm of Jordan and Jordan will speak on "The Auditor's Viewpoint".

LAST WEEK'S PROGRAM- Mr. Rosco Maffei of the Lederle Laboratories gave us an insight into the tremendous amount of time and money that goes into the development of new drugs. Out of 5000 antibiotics tested, only 17 survive the tests to be used by the public, and in about five years the drug will be obsolete being surpassed by new drugs developed. A film strip was shown that explained how the polio germ was transmitted and how the disease has been conquered.

36 of 36 100% Five weeks perfect attendance!

And congratulations to Ray Frost on 18 years perfect attendance this October!

ABSENTEES - Bruce Bailey, Ralph Kilgore and Hal Roerden.

GOODWILL AMBASSADORS - Al DiMatteo at Meriden, Conn. and Milford, Conn. Ralph Green at Portland. Dick Kilroy, Bill Kilroy, Mark Stimson, and Dick Yerxa at Westbrook. Ted Wainwright, Jack Boland, Keith Dennison, Blaine Raymond and Ralph Kilgore at Scarborough.

AL DIMATTEO brought back a banner to add to our collection from his visit at Milford, Connecticut.

UNFILED CLASSIFICATIONS - Ralph Green reports that there are unfilled classifications in Insurance Adjusting and Groceries, Wholesale Distribution.

CONVENTIONS - Now is the time to start making plans to attend the District Conference which will be held in Quebec City on June 18,19,20, 1964. Also, the International Convention will be held in Toronto on June 7-11, 1964. More details on both of these events as it becomes available.

HOLIDAY FRUIT CAKES - It is expected that the fruit cakes will be available for distribution the meeting of October 30th. If you want to add to your order, call Bruce Bailey immediately. (Sorry, no cancellations).

ROTARY INFORMATION - Is a man's title or his executive position or the particular kind of work that he may be doing within his firm, company or institution the basis for his classification? No. The classification that is loaned an active member should be a word or phrase which accurately covers the principal as well as the recognized activity of the firm, company or institution with which he is connected. For example, if the phrase "Paper Cup Manufacturing" is the classification which accurately covers the principal and recognized activity of the Negg Manufacturing Co., then this is the classification that should be loaned to the active member who is connected with this firm, whether he be the president, vice-president in charge of sales or the purchasing agent, the vice-president in charge of personnel or an executive in any other department within the firm.

TAKE ROTARY SERIOUSLY - but don't take yourself seriously. Let's keep Rotary simple. Let's make Rotary realistic. If you do, you may achieve far beyond your own vision of Rotary, just as Rotary has always exceeded the vision of everybody who has ever thought about it. Will R. Manier Jr. Past President, R.I. PROGRAM - A representative from the League of Women Voters will speak on matters which will be on the referendum ballot on November 5th. A very timely topic which should be very interesting.

LAST WEEK'S PROGRAM - Bob Jordan, a Portland Rotarian and partner in the firm of Jordan and Jordan, gave an interesting talk on the Auditors Certificate. This is an area which most of us have no doubt given only superficial thought and Bob's explanations brought out the real meaning behind these statements. Standards set up by the American Institute for C.P.A.'s guarantees that a statement can be relied upon when bearing the Certificate of a Public Accounting Firm.

DISTRICT GOVERNOR Gaston Saucier writes in his monthly letter "My most sincere congratulations to the club of South Portland for their magnificent achievement in reaching the perfect percentage of 100% for the month of September. This is a handy item to put in the glove compartment of your car for make-up meetings when you are traveling.

HOLIDAY FRUIT CAKES were shipped the 15th and should be available at this meeting for distribution.

ANOTHER QUOTE from Gaston's monthly letter: "In my letter #2, I told you that the District Conference was to be held in Quebec City on the 18, 19 and 20th of June, 1964. So far at least 175 reservations have been confirmed and to those who want to make sure of adequate accommodations, write to J. A. Shanahan, Asst. Manager, Chateau Frontenac, Quebec City. Jim is a Rotarian and is the House Committee Chairman of the Quebec Club."

FROM THE PORTSMOUTH LOG - When we build, let us think that we build forever. Let it not be for present delight, nor for present use alone; let it be such work as our descendants will thank us for, and let us think, as we lay stone on stone, that a time is to come when those stones will be held sacred because our hands have touched them, and men will say as they look upon the labor and wrought substance of them, "See! this our fathers did for us." Let us as Rotarians, build today - not for ourselves but for those who follow.

FROM THE LEWISTON SPINDLE - Your Rotary Investment: Your dividends come through fellowship and acquaintance, regular attendance at weekly meetings, and the application of Rotary ideals to your everyday business and professional life. Good returns from your investment in Rotary depend on you alone.

LAST WEEK'S PROGRAM - Mr. Carl Puleo of the Goodwill Industries presented a film showing how the Goodwill Industries work with handicapped people to help them overcome their difficulties and become useful citizens. Goodwill Workshops are found in 17 countries and in 127 cities in the United States. The Workshop in Portland is the only one in this state and has been in operation here for thirty years. Their first objective has been the collection of clothing, furniture and appliances to provide work for the handicapped by refinishing these items for resale. There are forty types of jobs that can be learned in this occupation. They next hope to expand their efforts in the rehabilitation of handicapped persons. The Junior League of Portland is giving their support to this agency and they are fortunate to have this energetic group behind them. They have just recently purchased the former Geo. C. PROGRAM - Observance of Rotary Foundation Week.

LAST WEEK'S PROGRAM - Mr. Roy Cummings, Commercial Representative of the New England Tel. & Tel. Co. spoke on the satellite space communications program and showed a film on the launching of the satellite Telstar. The Satellite weighs 34 pounds and is 34 inches in diameter but contains 10,000 working parts. The communications in space program started in 1953 with Echo I which was a hollow ballon. Echo I proved that a space satellite would be practical and was the forerunner of Telstar I. Telstar II is now in orbit and is circling the world 6 times a day, at a distance of 600 to 900 miles from the earth. The installation at Andover can be visited from 9:00 to 5:00 o'clock every day until November 15th and on weekends after that date.

WHAT ROTARY DOES FOR YOU - Rotary brings you once a week into close contact with a cross-section of the community's civic life. Rotary gives you the viewpoint of many men, leaders in business and professions of every description. Rotary gives you opportunities to be of helpful service to others; and, in what, after all, is found greater satisfaction? Rotary means good fellowship of the kind stimulated by friendship. Rotary increases your knowledge of your fellow men, and by knowledge of others you come to know yourself better. Rotary takes your mind off yourself and that's a good thing, isn't it?

FOR THE PRIVILEGE OF DOING IT - "It is not enough merely to exist. It is not enough to say 'I'm earning enough to live and support my family. I do my work well. I'm a good father. I'm a good husband.'

That's all very well, but you must do something more. Seek always to do some good somewhere. You must give some time to your fellowmen.
