Our guests included the fourteen members of the Rotary Little League Team and their manager, Mr. James Fitzpatrick. Judging from the amount of ice cream consumed by the boys, the night was a tremendous success.

LAST WEEK'S PROGRAM - It was our pleasure to have Dr. Lloyd Elliot, President of the University of Maine, as our speaker. Dr. Elliot stated that perhaps business and industrial leaders should help educators determine what items in education are important. Dr. Elliot gave us a very good insight into the educational system of California. He expressed the opinion that if the Greater Portland Area is to expand and compete with other centers of population, some public institution of higher learning has to be situated in this area. Not only were we honored with Dr. Elliot's presence, but with another distinguished guest; Dean William Whiting, Director of Undergraduate Activities of the University of Maine at Portland.

NEXT WEEK'S PROGRAM - V. W. Tucker, Chief Engineer of Ametek Incorporated, will be our speaker. Wayne was born in Syracuse, New York, and attended St. BonAventure College and Syracuse University. He has been instrumental in the development of various lines of equipment that has revolutionized the laundry and dry cleaning business.

ABSENTEES - Bruce Bailey, Larry Carey, Nat Clifford, Al DiMatteo, Art Keniston, Dick Kilroy, Bill Kilroy, Stan Milton, Walker Pierce, Blaine Raymond, Ted Wainwright, Lefty Wilcox, Dick Yerxa, and Henry Berry.

Ralph Strachan was presented a 2 year perfect attendance pin. Congratulations, Ralph.

October 30 is the date for our annual visitation from District Governor, Turner Brown. The meeting will be at Carolyn's and will begin at 6:00 or 6:30 P. M. Please be sure to get a baby sitter and bring your wife to this meeting. (The last sentence was inserted at the request of a Rotary member's wife.)

It seems that Frank Wyman's company has been awarded two national awards. One award is for Management Development and the other is for Maintenance Efficiency. This makes a total of four awards in three years that Frank's company has received from the publishers of Fleet Owners Magazine. Congratulations, Frank.

Don Kinne has just been promoted to the position of Production Manager of his firm. Congratulations, Don.

Wedding Anniversary Congratulations - Bob and Myrtle Lamy on the 29th.

My sincere apologies for forgetting to congratulate Henry and Gloria Berke on their Wedding Anniversary on October 13th.

Apologies are also extended to Warren Simpson for not congratulating him on his birthday, October 10.

Your editor will make a sincere effort (what again) to be more efficient.

LAST WEEK'S PROGRAM - Wayne Tucker, Chief Engineer of Ametek Incorporated, explained some of the research problems that go into making a new piece of laundry or dry cleaning equipment. Wayne not only provided us with an interesting subject, but was quite humorous as well. His explanation of how a piece of laundry equipment could pull itself from the floor and go through a cement wall was masterful.

IAST WEEK'S PROGRAM - It was our pleasure to have our District Governor, Turner Brown visit with us at Carolyn's in Cape Elizabeth. There will be more information concerning his visit in the next issue of "Two Lights."

NEXT WEEK'S PROGRAM - Joseph H. Cobb, Director of Public Relations for the Maine Central Railroad will be our guest. Joe is a native of Portland and a graduate of the University of Maine. He has had experience as a copy editor, feature editor, and photographer. Since railroads play a vital role in the economics of the State of Maine, this will be an interesting talk.

SENIOR ACTIVE EXPLAINED - The recent constitutional amendment regarding senior active membership provides that an active member automatically becomes a senior active member at age 65 if he has been an active member of one or more Rotary clubs for a total of five or more years.

The senior active's classification doesn't change; only his kind of membership changes. True, he is no longer considered as representing a classification, but he continues to be known for his former classification.

#### from the CLIPSHEET

THE PRESIDENT'S PROGRAM - "Live Rotary through your community leadership," asks R.I. President Charles W. Pettengill in his program for 1964-65. "Determine the most urgent need in your community and attack this need with a 'Paul Harris Project.' Choose significant fields of endeavor such as aid to education, literacy, health, development of cultural opportunities, and the creation of new jobs."

#### from the CLIPSHEET

QUESTION ON MEMBERSHIP - In making application for membership, does a former Rotarian have any advantages over one who never held Rotary membership?

Yes, Article VIII, Sections 2 and 3, of the club constitution provide that if he formerly was an active member of the same club, and his membership was terminated, because "he ceases to be personally and actively engaged within the territorial limits of the club in the classification of business or profession under which he is classified in the club or ceases to have his place of business therein, or his connection with his business establishment is severed," such person may make new application for membership, and whether under the same classification or another classification, his application shall be considered in advance of any other, for membership under the classification in which he now applies, and if elected to membership, he shall not be required to pay a second admission fee.

LAST WEEK'S PROGRAM - Joseph H. Cobb, Public Relations Director for the Maine Central Railroad, was our guest speaker. Joe stated that shortly after the M.C.R.R. discontinued passenger service in 1960, the railroad started a program for improving and modifying equipment. This program has resulted in savings for shippers.

Some of the new innovations are new types of cars to handle pulp and other wood products.

In four years, 11 million dollars have been spent on new equipment. The railroad has just purchased new cars that are seventy-two feet in length, and are capable of carrying thirty-two cords of pulpwood.

These new methods for the improvement of service have resulted in giving new industries encouragement to locate in Maine and established industries a motive to expand.

NEXT WEEK'S PROGRAM - Chuck Sanford will be our speaker. Chuck is well known throughout the Portland Area. He is a native of Duluth, Minnesota. During World War II he served as a pilot in the U. S. Army Air Forces' 8th Air Force. He has just recently returned from a first hand look at Viet Nam.

With Viet Nam constantly in the news, I am sure that every member will want to hear Chuck.

LAST WEEK'S PROGRAM: - Chuck Sanford provided us with some interesting facts about the war in South Viet Nam. Chuck stated that he talked to people of various ranks while he was visiting Viet Nam. Some of the facts that he gathered are as follows:

- 1. We are losing the war.
- 2. The majority of the trouble between Catholics and Buddists has been instigated by the communists.
- 3. The equipment used by our troops is very good.
- 4. The regular Viet Namese Army is good. The militia is not.
- 5. The war will be difficult to win unless the government is stabilized.
- 6. 90% of South Viet Nam is controlled by the Viet Cong.
- 7. Terror is the Viet Cong's chief weapon.

EXCHANGE of STUDY GROUPS - of young businessmen between selected pairs of Rotary districts in different countries. Awards will be to cover transportation expenses of the groups and their leaders, and the intent will be to involve large numbers of both Rotarians and non-Rotarians in this program to promote understanding between peoples.

Grants to Districts and Clubs for Activities in Keeping with the Objectives of the Rotary Foundation - will be made to support such activities which comply within certain criteria including that the project should be of a "pilot" nature, involve active participation by a reasonable number of Rotarians, and be to further understanding and friendly relations between peoples of different stations.

LAST WEEK'S PROGRAM - George Frame spoke to our club concerning "Contacts Through International Service". George stated that until the time Paul Harris died in 1947, the interest in International activities was somewhat lacking. However, from that date the program has grown tremendously. In 1947 eighteen fellows went to seven countries. Since that time, 1320 fellows have gone to foreign countries. This program is perhaps the best way yet to get foreign nations to understand Americans and also to understand what we refer to as the "American Way Of Life".

NEXT WEEK'S PROGRAM - Ben Hubley will be our speaker. Ben is in charge of the three Maine Broadcasting Systems Radio Stations. He is a graduate of the Massachusetts Radio School. Since one of Ben's hobbies is fishing, I am certain that he must be an interesting person.

LAST WEEK'S PROGRAM - Ben Hubley gave an interesting talk concerning radio, its growth, and how it effects the radio listener. Sales of radios for last year were over 23 million sets. The average amount that a family listens to radio per week is 24 hours and 45 minutes. Radio serves the American public in just about any field that is conceivable. Ben played a recording of mistakes that announcers have made while on radio.

NEXT WEEK'S PROGRAM - Herbert Bennett will speak to the club concerning unions. Herb is a lawyer and is quite familiar with this topic.

ABSENTEES - Nat Clifford, Dick Jordan, Don Kinne, John Minott, John Nadeau, Walker Pierce, Blaine Raymond, William Sheriff, Lou Siatras, Murray Smart, Mark Stimson, Ralph Strachan, Ted Wainwright, Tom Walter, and Frank Lee.

It seems that many of our avid hunters have had considerable luck while seeking the more elusive of the ruminant mammals, namely the deer. There are other hunters that have not been fortunate enough to see one of our native whitetails. However, the following question has been asked me several times:

"How could I have missed a deer standing approximately 30 feet away?" After a great deal of research I have found one of our members who is well qualified to give an authoritative answer. His name: Frank Lee.

Remember that the Livermore Falls Charter Night will be held December 5. The cost is \$5.00 per person. If you plan to attend, contact President Tom.

Christmas trees will be picked up December 5. If you haven't told Al Rowe when you will be available to sell trees, please do so as soon as possible.

You give of yourself at every Rotary meeting when you project your friendship to another, when you open your mind to others, and when you learn of the challenges that from the CLIPSHEET confront all of us.

Attendance at Rotary meetings is one of the basic strengths of our organization. "You enjoy little fellowship with an empty chair," said one Rotarian. Rotarians can benefit not only from attendance at a Rotary Club meeting each week but also from attendance at the district conference, intercity meetings, international conferences, and international conventions.

Tentative plans have been made for inviting the South Portland Kiwanis Club to be our guests at our December 30th meeting. This is the meeting when Martha Hurd, a recent District 779 Rotary Foundation Fellow will speak to us. This should make for an excellent meeting.

December 23 will be a Christmas party for 20 of South Portland's children. This will be a gala affair complete with Santa Claus.

We have many classifications that are presently open. Why not be thinking about some of your fellow citizens to fill these open classifications? We should be ever mindful that Rotary is fellowship and that fellowship should be shared. We can gain a great deal as we give our friendship to our fellow men.

VITAL STATISTICS (Eye Catcher)\* On October 27 there were 11,845 Rotary Clubs and an estimated 557,500 Rotarians in 126 countries and geographical regions. New Clubs since July 1, 1964: 50.

LAST WEEK'S PROGRAM - Roy Spear provided the club with one of the most interesting and humorous talks that we have had the pleasure to hear. His subject was herpetology. He stated that the snake is one of the most beautifully constructed creatures that inhabit the earth. (Fans of Sophia Loren do not agree.) Roy also stated that the snake is one of the most misunderstood animals. The snake that Roy used was loaned to the club by the White Animal Farm in Scarborough. For those of you who were absent, you missed much more than a meeting.

NEXT WEEK'S PROGRAM - Steve Merrill will be our guest speaker. Steve was born in Skowhegan, Maine and is a writer and photographer as well as a story teller. In 1960 he was selected by American Heritage Magazine, as narrator of its distinguished recording "The Songs of Yankee Whaling." Here is a speaker that you will definitely want to hear.

IAST WEEK'S PROGRAM - Steve Merrill provided the South Portland and Scarborough Rotary Clubs with some fine entertainment. His humorous stories about the people of Maine were excellent. Steve also provided us with a brief personal history. He stated that during World War II, he joined the 23rd division so that he could be near his brother who was in the 24th division. As to bravery, he stated that he killed as many of the enemy as they did of him. In a word, Steve was terrific.

NEXT WEEK'S PROGRAM - Our program should be exceptional. We will play Santa Claus to twenty children from the South Portland area. What could possibly give us more pleasure than to be hosts to boys and girls during part of the Christmas season? It is hoped that every Rotary member will be present and take part in this wonderful program.

President Carroll Martin of the Scarborough Rotary Club was most gracious in extending a toast to our own club for winning the recent attendance contest.

ABSENTEES - Bud Barrett, Larry Carey, Nat Clifford, Al DiMatteo, Dick Jordan, Stan Milton, Bob Moulton, Walker Pierce, Hal Roerden, Bill Sheriff, Murray Smart, and Mark Stimson.

GOODWILL AMBASSADORS - Dick Yerxa - Portland; Blaine Raymond - Scarborough; Dan Gacetta - Biddeford-Saco; Murray Smart, Walker Pierce, and Blaine Raymond - Portland.

DISTRICT GOVERNOR TURNER BROWN is recovering from surgery in London, England. I am sure that he would welcome a card or letter. The address is St. John and St. Elizabeth Hospital, 60 Grove End Road, London NW8, England.

Ron Tripp gave us a brief report on the Christmas tree sale. The club will not stop selling trees until Christmas Eve. Since we still have from 600 to 800 trees left, all help is urgently needed. The coming weekend should be a boomer. If you have an extra hour or two, we can use you NOW.

Christmas is both fact and fantasy. Christmas is wide-eyed children believing in a fictional character that travels through space by means of reindeer pulling a sleigh that is loaded with enough presents to give to all the people on earth. It is also a joyous time of year for the members of the Christian World. It is a time to reflect, a time to think, a time to be thankful, a time to wish everyone a sincere
