PROGRAM - Mr. Ralph Eye will speak on his experiences in Viet Nam. Mr. Eye is now enroute to Viet Nam for his second tour of duty with the State Department. A native of Maine, he has spent the last two years as Civic Activities Advisor to the Sector Commander of Delta Area in South Viet Nam. He has been advisor on government, health and welfare problems. This firsthand account should be very interesting.

LAST WEEK'S PROGRAM - Bob Moulton brought us a recorded message from Richard Evans, the new International President. Mr. Evans listed a ten point program of goals, which every Rotarian should strive for.

Morry Naudts, Program Chairman, then introduced the speaker of the evening. Major Robert Young, Commanding Officer of Maine Examining Station, Portland. Major Young has had 24 years of service and now makes his home in North Yarmouth, and plans to retire in Maine next May.

The Portland Examining Station processes recruits for all branches of the Armed Forces. One of the interesting facts brought out was the high percentage of rejections, for either physical or mental reasons. The State of Maine, with 58% rejections, ranks 20th, there being 19 other states with higher percentages.

SUMMER VISITOR - Dick Kennedy asks that any Rotary family who would like to be host for part of David Eichman's visit, please give him a ring. David will arrive July 31st.

COMMITTEE CHAIRMAN - The annual visitation by the District Governor will be sometime the latter part of August. Each Chairman must prepare a report in triplicate and should be turned in to your Director by August 1st.

CONGRATULATIONS to Art Keniston for being one of the six in the United States to receive a Merit Award from the Association of Classified Managers.

NEW MEMBERS - Ron Tripp will be mailing out your new membership cards this week and with these he will enclose an application for membership card. This is a reminder to be on the lookout for new members. Please read the back of the card for the correct procedure to follow.

LITTLE LEAGUE DUGOUTS - A pat on the back to Dick Kilroy, Al Rowe, Tom Walter and their helpers for a job well done. Al reports that the Dugouts are complete except for wire and paint and will be finished as soon as the materials are available. Let's have more projects like this.

A THOUGHT for you worried ones - No woman ever shot her husband while he was doing the dishes. "The Sea Breeze" - Camden

LAST WEEK'S PROGRAM - Mr. Ralph Eye gave us an account of his experiences in Viet Nam. Our goals in Viet Nam are to keep South Viet Nam free and independent with enough military strength to provide security for the government to operate. He had great praise for our soldiers and other personnel in this area. His personal opinion on the duration of the war was about three years, with probably ten years of continuing help. We have been in Korea for 21 years.

Auto Parts
Auto Painting and Repairs

Upon his retirement from the regular Navy in September Bob will join the staff of the Appalachian Trail Club.

LAST WEEK'S PROGRAM - Mr. Earl Ingalls, Coordinator for the Civil Defense Adult Education program gave us a fine insight of the objectives of his department. Their goal is to educate High School Seniors and Teachers in the procedures to follow in case of danger from radiation either from accident or from war. At least one member from each family should be exposed to this education.

A 12 hour course is offered by his department to any company that might be interested.

SUMMER VISITOR - Our guest, David Eichman will be arriving on July 31st. We have two hosts and need three more volunteers. David will be here nine weeks, and each host is asked to entertain him for a two week period. David is twenty three, a college student and has travelled quite a bit in Europe. Please call Dick Kennedy if you can share in this project.

LAST WEEK'S PROGRAM - Our Summer Guest, David Aikman from Scotland was introduced by Dick Kennedy, Chairman of International Youth Projects. We are looking forward to one of our meetings when David will tell us something of his native land.

The balance of the program was devoted to reports from the four Directors on each Avenue of Rotary Service. Lloyd Pike reported on Vocational Service, Frank Lyman on Community Service, Al Rowe on International Service and Pres. John reported for Ed Inness on Club Service. It was very evident that a lot of thought has been given to these various projects and we will report more as these develop.

ATTENDANCE CONTEST - President John announced that plans are being made to challenge one of the Canadian Clubs to a contest for the months of September, October and November. The losing Club will make the trip to the winner to present the trophy. Lets start now to sharpen up those make-ups!

PROGRAM - The speaker tonight will be Frank Ladwig, Manager of the Burroughs Corp. and also a fellow Rotarian from Portland. Frank will tell us some of the developments regarding the World's Largest Computer.

LAST WEEK'S PROGRAM - A most enjoyable evening was spent with our fellow Kiwanians. The Cloyster was a pleasant change of meeting place and Nature furnished a nice display of fireworks.

The speaker, James Gagan, Member of the Governor's Council gave a most interesting talk on the functions of the Council. The Council consists of seven members and their major function is to pass on the Legislative Budget, Appointments made by the Governor and to sit as a board of Pardons.

The Rotary attendance was gratifying and is evidence of the wiseness of Rotary's attendance rules.

GOODWILL AMBASSADORS - at Scarboro - Ted Wainwright, Blaine Raymond, Lloyd Pike
At Portland - John Barrows, Warren Simpson
At Westbrook - John Barrows
At Houlton - Bill Sheriff
At Banff, Alberta, Canada - John Toft

PROGRAM - Tonight's speaker will be the Adjutant General for the State of Maine, Edwin Heywood, head of the National Guard, Veteran of World War II, and Military Advisor to the Governor.

LAST WEEK'S PROGRAM - Frank Ladwig, Manager of the Burroughs Corp. was introduced by program chairman Art Keniston. Frank told of the tremendous increase in the use of computers in the past few years. There are now 34,000 in use in the United States, with a backlog of 23,000 on order. The popularity of computers is due to advances in the mechanics of operation, speed of operation, new programming and decreased prices. Bottlenecks now are management who do not know how to make the best use of these new tools.

ATTENDANCE - President John presented a 1-year perfect attendance pin to LLOYD KNIGHT, a 3-year pin to JOHN VOSE and also a 3-year pin to ART KENNISTON. John announced that a challenge has gone out to Shawinigan Falls, Canada for an attendance contest this fall. No reply has been received as yet. SEC. RON was crying in his \$1 specials that attendance is very poor, (only 84% last month), so lets start now on those makeups.

GOODWILL AMBASSADORS - Al DiMatteo at New Haven, Connecticut. Ralph Green, Warren Simpson and Blaine Raymond at Scarborough.

WELCOME BACK to JOHN VOSE from a vacation at Jasper National Park, Alberta, Canada. Also to ED INNESS, looking fit and sharp, from a vacation at Fort Dix, New Jersey. (Haircut every 3 days).

HEADLINERS IN THE ROTARIAN, - "Wonders of the Bush", painting by Senegalese artist Tall is featured on the cover of "The Rotarian" for September. It introduces several features on Africa in this issue.

"Does the U.S.A. Wield Too Much Power?" The debate of the month on this question presents Philippine statesman Carlos P. Romulo and British journalist Stephen Hugh-Jones. They agree that U. S. power is formidable, but they differ widely in their views of its potential benefits and/or dangers. Here's worthwhile reading.

HOW TO CATCH A BEAR - by V. P. Keith Dennison. Seems that Keith was sleeping out in the open, due to an influx of small fry in the trailer during a trip this past week-end in central Maine. Snoozing away, Keith felt something tickling his ear and reached up and cuffed it away, only to hear a deep growl. Keith and the bear right then put on a yelling contest, each going in a separate direction as fast as they could.

DON KINNE is now associated with Saco Lowell Division of Maremont Corp. Don has resigned from the Club and we all wish him well, and hope he can visit us often.

LAST WEEK'S PROGRAM - District Governor Harold Hooper made his official visit to our Club and it certainly was a pleasure to get acquainted with him personally and to review the business of Rotary. PROGRAM - David Aikman will speak to us again about his native Scotland and also his experiences in this country. We are looking forward to another visit with David. A nice reporting job was done on David's last visit and talk to the Club by the South Portland Journal, complete with picture.

David has also spoken to the Westbrook Rotary Club and the Portland Salvation Army.

LAST WEEK'S PROGRAM - Henry C. Adams of the New England Tel. & Tel. Co. gave a very interesting talk on the development of the telephone and why we have a dial tone. Eighty-eight years ago the first switchboard and operators were installed. Without dial systems it would require a million more operators to handle all the calls today. This year the entire State of Maine will be equipped with dial phones, although only the Portland and Rockland areas now have Direct Long Distance Dial. Henry also showed one of the switches used in Dial operation, one of the new Trimline phones and one of the new Touchtone sets operated by pushbuttons.

PROGRAM - Keith Dennison has secured the Rev. Tal McNutt who will speak on "Modern Youth and their Problems". Mr. McNutt has long been active in youth work. As a member of the U. S. Air Force in Japan he was responsible for starting Tokyo Youth For Christ after World War II. In 1962 Christian Youth merged with the New England Fellowship and Mr. McNutt is now the Executive Secretary of the two merged organizations.

LAST WEEK'S PROGRAM - It was our pleasure to have David Aikman with us for his farewell appearance. It was quite evident that David has enjoyed his nine weeks stay with four different families, and he has certainly taken a lot of beautiful colored slides. If anyone would like a colored picture of Ray Frost in yellow slicker, please write in.

ROTARY INFORMATION:

HOW DID YOU GET TO BE A ROTARIAN?

A classification was open in your business or profession. You did not ask to be a member. You were chosen to represent your classification by Rotarians who believed that you are highly regarded by others in your trade or profession, and that ethically and morally you are a credit to your business and your community. Chosen from all the qualified men in your business group, you were loaned a Rotary classification. Guard it jealously. May honor and service be the product of this fellowship.

OK - NOW SMILE
